2022

SECURITY AND FIRE SAFETY REPORT

(Containing crime statistics for 2019-2021)

YOUR SAFETY MATTERS
The University of Texas Police at Houston (UT Police) is committed to protecting the safety of anyone who works, studies, visits or seeks treatment at The University of Texas Health Science Center at Houston (UTHealth Houston). This annual report describes the services and prevention opportunities our department and campus offer, and documents relevant crime and safety statistics, per federal requirements.

At our core, UT Police promotes prevention initiatives through our institutional and departmental endeavors. We continually work to further our prevention initiatives, as well as preparedness and protection objectives. Our police officers, public safety officers, and professional civilian team members are integral parts of prevention. In a collective effort, our priority is to identify and diminish risks that may arise.

At the forefront of our prevention efforts are the individual community members who promote safety and protect our people, buildings and properties. We rely on all members of our community to help in our effort by reporting questionable incidents or people. A collaborative effort between UT Police and UTHealth Houston workforce members and students, including designated Campus Security Authorities, is imperative to help ensure a safe and secure place to work, study, visit and seek treatment.

The Community Partnership Council continues to strengthen the bond between UT Police and the community we serve. This community-focused partnership provides a regular venue where our community can engage directly with police leadership and provide input on opportunities to improve services, increase community engagement, and enhance community trust.

Each year, UT Police, in partnership with UTHealth Houston, issues an annual report about safety and security programs and crime statistics as part of our compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The statistics contained in this report reflect reported incidents that have occurred on UTHealth Houston’s Clery Act geography.

UT Police has an immense responsibility in protecting the safety of patients, visitors, workforce members and students. Ultimately, our department’s responsibility is one that is a shared purpose between our community and us. We hope that you will find this report valuable. Please review this information carefully and, in particular, the safety tips included. To that end, we invite you all to join us in our mission to make and keep our institution safe.

Respectfully,

William H. Adcox
Chief of Police

Data on fire response and procedures for UTHealth Houston, prepared by the university's Office of Safety, Health, Environment and Risk Management (SHERM).
About the Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act; originally the Crime Awareness and Campus Security Act of 1990) is the landmark federal law requiring institutions of higher education that participate in Title IV student financial assistance programs to disclose information about crime on and around their campuses.

The Clery Act is named after 19-year-old college freshman Jeanne Ann Clery, who was raped and murdered in her dorm room at Lehigh University during the early morning hours of April 5, 1986.

Connie and Howard Clery, Jeanne’s parents, discovered there was a gap in consistent reporting of violent crime statistics for postsecondary institutions. They began efforts to strengthen laws requiring colleges and universities to make complete information about violent campus crimes available to current and prospective workforce members and students.

The Clery Act requires institutions of higher education to collect data, prepare, publish and distribute a report concerning campus crime statistics and security policies on an annual basis through appropriate publications, mailings or computer networks to all current workforce members and students and all prospective students and prospective workforce members upon request. This document contains the annual report concerning specific campus crime and arrest statistics as well as information about campus policies and practices intended to promote awareness, campus safety, and security.

Because the law is tied to participation in federal student financial aid programs, it applies to most institutions of higher education, both public and private. It’s enforced by the U.S. Department of Education.

The original law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

This report complies with the provision as codified:

- United States Code Title 20, Chapter 28 Section 1092(f) as amended in 1992 and 1998
- United States Code of Federal Regulations, Title 34, Chapter VI, Part 668, Section 668.46

Notice of Annual Report

In accordance with the guidelines established by UTHealth Houston and UT Police, and pursuant to the federal law identified as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), all workforce members and students as well as prospective workforce members and students are entitled to a copy of the Annual Security and Fire Safety Report. This report is prepared by UT Police with input from the UTHealth Houston Title IX office, Environmental Health & Safety and Public Affairs.

This report contains statistics about specific crimes and fire incidents that have been reported to UT Police and other Campus Security Authorities over the past three years. All incidents included in the report have occurred on campus, in noncampus buildings or properties, or on public property that is within or immediately adjacent to and accessible from the campus.

This report also contains policies and practices pertaining to campus security, crime reporting, alcohol and drugs, victims’ assistance programs, student discipline policies, campus resources, community safety alerts, crime prevention, access to campus facilities and properties, and personal safety tips. The policies established in this document apply to all UTHealth Houston community members, unless otherwise indicated.

Daily Crime Log

UT Police maintains a daily crime log identifying the type of crime; the location of the crime; the date the crime was reported to UT Police; the date and time the crime occurred (if the exact date and time are unknown, a range will be used or it will be noted that it’s unknown); and the disposition of the crime, if known. An entry, addition to an entry or change in the disposition of a complaint will be recorded in the log within two business days of the information being reported to UT Police. The most current 60 days of information is available at UT Police headquarters (7777 Knight Road, Houston, TX 77054) for inspection by the public during normal business hours. Visitor parking at UT Police headquarters is available along Knight Road.

Upon request, any portion of the crime log that is older than 60 days will be made available for public inspection within two business days.
Mission
Our shared purpose of prevention, preparedness and protection safeguards the continuity of care, research advancements and educational aspirations of the community we serve.

Vision
We will employ an agile and adaptive Combined Protection Model to safeguard our patients, faculty, researchers, students, trainees, professionals, employees and the community.

Values
We support a culture of CARING through empathetic interactions that yield positive outcomes that enrich our community and enhance campus safety and organizational health.

We demonstrate INTEGRITY by upholding the highest moral standards, being honorable and reliable in our actions, and by consistently and fairly applying rules, regulations and laws.

We demonstrate LEADERSHIP by setting standards of excellence, encouraging continuous improvement, supporting diversity in people and ideas, and promoting prevention and preparedness measures.

We PARTNER with our community to advance risk-protection services and improve incident outcomes. Our crisis intervention methods and community outreach programs aim to enhance employee health and wellness.

We exhibit PROFESSIONALISM by treating everyone with respect, dignity, compassion, and equal and unbiased actions. We perform with pride and commitment, reflect a positive attitude and promote community trust at all times.

We value INNOVATION and meeting challenges through a Combined Protection Model. We implement progressive risk protection techniques to reduce the impact of campus incidents and promote prevention and preparedness.

Approach
As a fully accredited law enforcement agency, UT Police exceeds many of the benchmarks for professional policing. The department works to promote an environment in which higher education, research, patient care and staff support can be pursued free of concerns for one’s safety, security and protection. Through its dedicated professionals, UT Police seeks exemplary and creative partnerships with other members of these institutions to create a cooperative community of interdependent disciplines in support of safeguarding workforce members, students, patients and visitors to our campus by using a Combined Protection Model and a risk-based approach.

UT Police is dedicated to service excellence as an integral part of UTHealth Houston and is aligned with the visions of both institutions. UT Police participates in a collaborative partnership with both institutions to help ensure a safe, secure and orderly environment.

Jurisdictional Authority
UT Police is one of 14 component police departments that constitute The University of Texas System Police (UT System Police).

UT System Police, under the leadership of the Office of the Director of Police, was established on December 8, 1967, by The University of Texas Board of Regents. UT Police is the designated police authority for UTHealth Houston.

Police Officers
The department’s police officers are Certified Texas Peace Officers, as defined in Article 2.12 of the Texas Code of Criminal Procedure, and are commissioned by The UT System pursuant to Section 51.203 of the Texas Education Code.

UT Police officers must meet specific employment qualifications and training requirements to be licensed as peace officers by the Texas Commission on Law Enforcement. UT Police officers are commissioned upon graduating from UT System Basic Police Officer Training or hired as lateral officers.

As Texas peace officers, UT Police officers have arrest and enforcement authority regarding local, state and federal laws and institutional policies on property owned, leased, rented or otherwise under the control of UTHealth Houston. Select officers also are assigned to plain clothes investigative functions.

Uniformed Security
UT Police employs public safety officers, uniformed civilian personnel, to perform duties that include customer service, community engagement, entrance monitoring and risk mitigation throughout the campus.

Public safety officers must meet employment qualifications and are required to complete a six-week training course.

Public safety officers have jurisdiction on property owned, leased, rented or otherwise under the control of UTHealth Houston. Public safety officers don’t have the authority to arrest or detain, however, they have the authority and are responsible for enforcing the regulations pertaining to the parking of vehicles on UTHealth Houston controlled property, directing traffic, and patrolling UTHealth Houston controlled buildings and properties for the purpose of safeguarding them.
Timely Warnings

Making the Decision to Issue a Timely Warning:

The following criteria is used to determine the issuance of a warning:

1. What is the nature of the crime? Is it a Clery reportable offense, including a criminal offense, a hate crime, a Violence Against Women (VAWA) offense or an arrest or referral for disciplinary action for a weapons law violation, drug abuse violation or liquor law violation?
2. Did the crime occur within a Clery reportable geographic location? Did the crime occur on-campus, on public property that is within the campus or immediately adjacent to and accessible from the campus, or at a non-campus building or property location?
3. Is there a continuing danger or threat to the campus community?
4. Is there a risk that the issuance of a warning could compromise the efforts to mitigate the threat?

Timely Warning determinations are made on a case-by-case basis and when the criminal incident is considered a serious or ongoing threat to the campus community. An ongoing threat can be described as a criminal incident where the offender has not been apprehended and there is no apparent connection to the victim or where there is a likelihood that the offender may continue to harm the community.

Timely Warnings typically are issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:
- Murder/Non-Negligent Manslaughter
- Aggravated Assault (cases involving assaults among known parties, such as two employees fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger UTHealth Houston community.)
- Robbery involving force or violence (cases including pick pocketing and purse snatching typically will not result in the issuance of a Timely Warning, but will be assessed on a case-by-case basis)
- Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the OIC). All cases of sexual assault, including stranger and non-stranger/ acquaintance cases, will be assessed for potential issuance of a Timely Warning notice. Cases involving sexual assault often are reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community.
- Major incidents of Arson
- Manslaughter
- Murder/Non‑Negligent Manslaughter
- Aggravated Assault
- Other Clery Act crimes as determined necessary by the OIC

Timely Warnings may be issued for other crime classifications and locations, even though not required by law, at the sole discretion of the OIC.

Timely Warnings will be distributed in a manner reasonably likely to reach the entire campus community. The OIC will initiate the appropriate Timely Warning system(s) based on the circumstances.

UTHealth Houston uses email as the primary method of communication. Depending on the circumstances, any of the following methods, or combination thereof, may be used:
- UTHealth Houston's mass notification system, Everbridge (notifications to certain devices/portsals)
- Building PA systems
- Email
- Emergency internal blog
- Internet and intranet sites

Anyone with information believed to warrant a Timely Warning and/or inclusion in the annual statistical disclosure is urged to promptly report the incident to UT Police at 713-792-2890 or in person at 7777 Knight Road, Houston, TX 77054. Reports may also be made to UTHealth Houston’s Deputy Title IX and Clery Act Coordinator, Deana Moylan, at 713-500-CALL (2255) or CALL@uth.tmc.edu.

Warning Notice Content:

The OIC has the ultimate responsibility for writing and developing the content of Timely Warnings. The warning must contain sufficient information about the nature of the threat to allow the campus community to take action to protect itself. This may include:
- A concise statement of the incident
- Possible connections to previous incidents, when applicable
- Physical description of the suspect
- Photo/composite drawing of the suspect, if available
- Date and time the warning was released

Other relevant and important information

In some cases, UT Police may need to keep certain facts of the incident confidential to avoid compromising its investigation.

Timeliness of the Warning:

Timely Warnings will be issued as soon as pertinent information is available, in a manner that withholds the names of victims as confidential and provides community members with information that may potentially prevent them from becoming victims of similar crimes.
Departmental Services and Programs

**OVERVIEW**

This modern, collective approach to policing and security diminishes communication barriers and focuses on a teamwork approach. Everyone works together for one cause — our shared purpose of prevention, preparedness and protection to promote an environment free of safety and security concerns so that excellence and innovation safeguards the continuity of care, research advancements and educational aspirations of the community we serve.

The Combined Protection Model concepts integrates five professional service lines: health care security, investigative services, police services, risk management and threat management.

Risk Strategy and Operational Excellence (RSOE) is the forward-facing component of UT Police that positions the department well for future challenges. RSOE utilizes an innovative approach to managing unified risk, modern police strategies and practices, institutional outreach and the reduction of internal and external communication barriers. It leverages institutional partnerships, multidisciplinary teams, communicative endeavors, data-driven metrics analysis and collaborative personnel projects to assess risk and attain operational efficiency.

RSOE oversees the department’s strategy development and execution, talent management, evidence and supply coordination, community outreach, training and professional development, technology governance and values-based metrics for data-based implementation and program value assessment. RSOE prepares, administers and reports on the budget and financial services operations of UT Police. It also facilitates important Human Resources functions such as compensation, promotion, employee performance tracking, family medical leave compliance, employee recognition, school and travel approvals, and travel reimbursements.

Functions of RSOE consist of Planning and Administration; Outreach and Operational Excellence; and Risk Protection Services (i.e. Police Technology & Risk Operations); and Uniformed Security Operations.

Planning and Administration oversees projects ranging from departmental process studies to organizational efficiencies. The team researches key areas related to strategic direction and implementation strategies, as well as reviews programs and evaluates results.

Outreach and Operational Excellence consists of the Community Outreach team, Training and Weapons Qualification team, the Talent Management team, the technology support function for the UT Police Risk Operations Center (ROC), and Property and Evidence.

The Community Outreach team ensures communication with the community through email, website and social media channels. Products include safety bulletins, general safety tips, departmental news, and announcements. An integral part of the outreach endeavor is providing an array of safety classes and prevention programs for UTHealth Houston workforce members and students.

The Training and Weapons Qualification team maintains records and compliance reporting...
of licensee training to the Office of the Director of Police for UT System as well as the Texas Commission for Law Enforcement. This team ensures UT Police personnel are prepared and trained to meet the agency needs of the future. It ensures that officers complete required training programs, selects instructors for those programs and evaluates the training programs.

The Talent Management team recruits personnel and provides training to develop new skills and maintain current skills. The team is responsible for coordinating interviews, posting job positions, advertising openings, processing new hires and conducting background checks.

Property and Evidence oversees fleet maintenance and asset accountability. An individual assigned to this team is designated as the custodian of institutional property and is responsible for property inventory. The Asset, Fleet and Evidence Management team oversees all departmental evidence to ensure it’s accounted for, contained, controlled and ultimately disposed of in accordance with criminal justice requirements.

The Risk Protection Services function of the UT Police Risk Operations Center (ROC) involves the proper and continuous operation of radio systems, telephone systems, and data communications.

Risk Protection Operations oversees the department’s technology operations readiness, Access Management System and Video Management System for MD Anderson, as well as the Criminal and Security Data Analysis. This function ensures that personnel have proper access to all buildings, properties and operations within restricted or security-sensitive areas. The team works closely with Human Resources to ensure that personnel are authorized immediate access when hired and immediately removed from the system upon termination of employment. This office works closely with the information technology professionals to ensure the system is compliant with institutional mandates and implementation of technology initiatives.

Risk Preparedness Services is responsible for threat and risk assessments, security design and engineering endeavors. This team of design specialists provides assessments of major and minor construction projects, and implements the standards and specifications of electronic security and access controls systems. It conducts risk assessments to identify assets, security threats and vulnerabilities in security systems and operations to score and rank risks with recommendations for mitigation. These assessments represent a first step in the department’s focus on prevention.

The Police Technical Support Services team provides technical support for the planning, installation and maintenance of electronic security and access management systems. It also provides performance testing of devices installed and connected to the existing systems.

The Uniformed Security Operations function involves non commissioned public safety officers deployed to fixed posts within the campus community. Uniformed Security Operations services include the following:

- Emergency preparedness and emergency response
- After hours campus security transportation
- Found property and secure storage; patient valuables

The Accreditation function of the Accreditation, and Police Records. It reinforces public trust by overseeing the investigations of complaints, police records and accreditation. Through tracking of disciplinary and corrective actions, the Public Integrity unit works toward early intervention in personnel problems. Complaints received by the Chief of Police alleging substantive misconduct are assigned to Administrative Investigations, which conducts full investigations of any allegations. Investigators assigned to this office are especially trained in interviews, interrogation and internal affairs investigations.

- After hours campus security transportation
- Found property and secure storage; patient valuables
The Converged Threat/Risk Protection team provides effective and supportive intervention of behaviors of concern.

The Threat Management Team oversees the department’s threat mitigation, behavioral intervention, employee background screening and security sensitive investigations. Threat management investigators receive specialized training in interviews, interrogation, behavior recognition, behavior intervention processes and techniques, suicide prevention and intervention, workplace violence, violent behavior indicators, intelligence and background investigations, depending on their assignment.

Each year, UT Police publishes a strategic plan that focuses on timely and transformative goals. For FY2023, UT Police aims to enhance recruiting efforts and professional development opportunities with a focus on promoting the principles of diversity, equity, and inclusion. This effort includes the “30x30 Initiative” pledge to increase representation of women in police recruit classes to 30% by 2030, and to ensure police policies and culture intentionally support the success of women officers throughout their careers.

The Threat Management Team collaborates with the institutional multidisciplinary Behavioral Intervention Teams (2-STOP and Employee Assistance Programs), and serves as the rapid response portion of both intervention teams. The Threat Management Team gathers, processes, analyzes and disseminates criminal intelligence to proper units within the department.

The Threat Management Team oversees security sensitive investigations and works to verify the backgrounds of persons who work in security sensitive positions throughout our campus community.

As part of the department’s Combined Protection Model, Uniformed Police Operations services include the following:

- Emergency preparedness and emergency response
- All-hazards risk management
- The Joint Commission’s Environment of Care and Emergency Management standards
- Special event coordination
- Police officer liaison program
- Emergency motorist assistance; vehicular and pedestrian traffic control and enforcement
- Frontline field investigations

The Investigative Services Team monitors classified intelligence and protective information, conducts security sensitive background investigations to protect the institution and the greater campus community, and utilizes forensic science with certified personnel.

The Investigative Services Team is responsible for criminal follow-up investigations, juvenile investigations, fraud investigations, computer forensics and crime scene investigations and liaison. This team also partners with Institutional Compliance and other regulatory groups on a variety of internal and external investigations.

Criminal investigators receive specialized training in interviews, interrogation, fraud, juvenile, and forensics or computer investigations, depending on their assignments.

Through intelligence, UT Police partners with federal, state, county and local criminal justice agencies to exchange criminal intelligence information, as well as to serve as a member of the Joint Terrorism Task Force while maintaining a close relationship with the area fusion center.

The UT Police Risk Operations Center (ROC) is responsible for the public safety and security operational communication functions within the department. Those functions include radio communications, telephone communications, teletype and automated data communications, as well as the monitoring of institutional fire alarms, hospital medical emergency activations, campus alarms, badge access and Code Blue response calls. As part of its threat risk-monitoring and communication responsibility, the ROC issues emergency notification alerts on behalf of UTHealth Houston. As an integral part of our Combined Protection Model, the ROC also coordinates virtual and physical escorts, and provides real-time support for other department programs. The technology support function for this team is under the purview of Risk Strategy and Operational Excellence.

The University of Texas Police at Houston

16 | 2022 Security and Fire Safety Report | UTHealth Houston

UTHealth Houston | 2022 Security and Fire Safety Report | 17
Established in 1972 by The University of Texas System Board of Regents, UTHealth Houston is Texas’ resource for health care education, innovation, scientific discovery, and excellence in patient care.

One of the most comprehensive academic health centers in the nation, UTHealth Houston is home to Cizik School of Nursing, McGovern Medical School, and schools of biomedical informatics, biomedical sciences, dentistry, and public health.

As a comprehensive health science university, the mission of UTHealth Houston is to educate health science professionals, discover and translate advances in the biomedical and social sciences, and model the best practices in clinical care and public health.

Patient care facilities include the UTHealth Houston Behavioral Sciences Campus, which includes the UTHealth Houston Harris County Psychiatric Center and the John S. Dunn Behavioral Sciences Center at UTHealth Houston. The combined facilities are the leading provider of inpatient psychiatric care in Houston, serving more than 9,000 children, adolescents, and adults each year while training the next generation of behavioral health specialists.

More than 2,000 health care professionals also provide quality, compassionate care at UT Physicians, the clinical practice of McGovern Medical School; UT Dentists, the clinical practice of the School of Dentistry; UT Health Services, the clinical practice of Cizik School of Nursing; and UTHealth Houston Neurosciences, a comprehensive program with nationally recognized leaders in all areas of neurological conditions.

The university’s primary teaching hospitals are Memorial Hermann-Texas Medical Center, Children’s Memorial Hermann Hospital, Harris Health Lyndon B. Johnson Hospital.

For more information, visit www.uth.edu.
Public Safety Programs and Services

Security Awareness and Community Outreach Programs

One of the essential elements of any successful crime prevention program is an informed public. It’s the intent of UT Police to inform students of good crime prevention and security awareness practices. UT Police offers several safety programs to reduce or minimize the risk of becoming a victim of crime. UT Police believes the actions and awareness of the workforce members and students on the UTHealth Houston campus are the best methods to eliminate the opportunity of potential crime.

During 2021, the Community Outreach team continued to offer virtual safety classes due to ongoing COVID-19 social distancing restrictions. UT Police offered to the UTHealth Houston community over 11 virtual safety classes, reaching an audience of more than 850 workforce members and students. An additional 156 virtual safety classes were offered to MD Anderson and UTHealth Houston audiences, and jointly those classes served 2,058 attendees. Topics included personal safety, building or property safety, workplace violence prevention and domestic violence prevention, among others.

All safety classes encourage workforce members and students to be responsible for their own security and the security of others. Participants in these programs are asked to be alert, security-conscious and involved, and to call UT Police to report suspicious activity and behavior.

Safety classes are regularly offered to all workforce members and students, with class schedules announced through our departmental website and through our community newsletter KnightLine. In partnership with our UTHealth Houston communications partners, class announcements may also be included in internal communications channels such as the intranet and internal newsletters.

Departments and work groups within UTHealth Houston also can request safety classes by contacting Community Outreach at 713-563-7794 or utphoutreach@uth.tmc.edu. Classes include:

Active Shooter Prevention and Response/Behaviors of Concern

The course provides workforce members and students with critical guidance on how to recognize and survive an active shooter situation. The course helps attendees identify behaviors of concern that may signal the need for intervention to prevent a violent incident from occurring. With an emphasis on providing people in duress the support services they need, the course also provides information about the institutional resources available and the 2-STOP program.

UT Police also offers Active Shooter Prevention and Response training for clinical staff emphasizing Avoid, Deny, Defend in a patient care setting. (One-hour course)

Bike and Pedestrian Safety

The course teaches attendees about the importance of being safe while walking, driving your car or riding your bike. This course aims to increase awareness and understanding of safety issues and compliance with traffic laws and regulations related to pedestrians and bicyclists. (One-hour course)

Conflict in Relationships: Breaking the Cycle of Abuse

The course familiarizes attendees with Texas laws associated with common scams. Guidance is provided on how to spot scams, tips to protect yourself and how to report a scam. (One-hour course)

CPI Nonviolent Crisis Intervention

The course teaches nurses strategies to safely defuse anxious, hostile or violent behaviors at the earliest possible stage, while balancing the responsibilities of patient care. For more information, contact UT Police Training at 713-563-4741 or UTPhTraining@mdanderson.org. (8-hour course)

Don’t Fall For It: Scams and How to Spot Them

The course teaches attendees about various kinds of identity theft, ways to protect against identity theft and the impact identity theft can have on its victims. The course also discusses action steps and resources for identity theft victims. (One-hour course)

General Campus Safety

The course provides general safety tips on how to minimize the risk of being a potential target or victim, and community resources that aim to curtail crime. (One-hour course)

Identity Theft

The course teaches attendees about various kinds of identity theft, ways to protect against identity theft and the impact identity theft can have on its victims. The course also discusses action steps and resources for identity theft victims. (One-hour course)

Non-Escalation, De-Escalation, and Crisis Management (NEDEC)

This course focuses on predicting and preventing conflict (non-escalation), reducing challenging behaviors before they become violent (de-escalation), and interacting with people who have lost their ability to make safe decisions and control their behavior due to cognitive challenges or mental illness (crisis management). (2- or 4-hour courses available)

Rape Aggression Defense (R.A.D.)®

The course is taught by certified instructors associated with UT Police. A lecture, discussion and demonstration of hands-on self-defense practices are provided to help women feel confident in their ability to avoid and fend off attackers. (12-hour course)

*Postponed until further notice due to COVID-19.

Travel Safety

The course provides guidance and best practices for safe travels. The individual will learn how to pack, increase their security during hotel stay, avoid scams and minimize the risk of being a potential target. (One-hour course)

Verbal Defense and Influence**

The course taught individuals to defend and deflect words with proven strategies that can turn a heated conversation to their advantage while keeping tension to a minimum.

Introduction to Verbal Defense and Influence (VDI) provides an abbreviated review of VDI principles, tactics and objectives.

Stop the Bleed®

Massive bleeding from any cause, but particularly from an active shooter or explosive event where a response is delayed can result in the loss of life. Similar to how the general public learns and performs CPR, this class aims to teach proper bleeding control techniques, including how to use your hands, dressings, and tourniquets. (3-hour course)

*Postponed until further notice due to COVID-19.

** A new class offering Non-Escalation, De-Escalation, and Crisis Management (NEDEC) replaced VDI in 2022.
Safety Measures and Assistance

UT Police is responsible for the physical protection of personnel and assets across UTHealth. This protection framework is inclusive of manpower resources (law enforcement, public safety staff, and risk/threat professionals), security policy and procedure, and all technological countermeasures.

Security measures are layered to provide consistent, overlapping protection at all levels of the institution. Beginning at the outer edge of the organizational sphere, UT Police works in conjunction with UTHealth’s Human Resources to ensure all workforce members undergo stringent background investigation prior to being given unescorted access to institutional facilities.

Reporting Crimes and Other Emergencies

When an incident is reported, UT Police will take the required action by either dispatching an officer or asking the victim to report to UT Police headquarters to file an incident report. All reported crimes will be investigated by UT Police and may become a matter of public record. UT Police Investigators will investigate a report when it’s deemed appropriate. If assistance is required from the local police department or the local fire department, UT Police will contact the appropriate unit. If a sexual assault or rape should occur, staff on the scene, including UT Police, will offer the victim a wide variety of services.

Identification Badges

Workforce members and students are required to have a UTHealth ID badge in their possession and display it at all times while on-campus. UTHealth ID badges are integrated into the electronic access controls across the enterprise. Persons on-campus without proper identification are subject to inspection by any institutional authority.

Public Safety Officers

UT Police public safety officers operate as mobile units that patrol UTHealth buildings and properties. These mobile units move by walking, bike patrol, using electrical vehicles and vans. While at fixed posts at strategic entry positions, public safety officers actively screen all persons entering UTHealth facilities and challenge persons without appropriate identification and all suspicious persons. Through observation and patrol, public safety officers safeguard institutional property and identify security issues. Their high visibility deters crime and promotes greater interaction with the community.

Access to Campus Buildings, Properties and Facilities

Most campus buildings, properties and facilities are accessible to members of the campus community, patients and visitors during normal business hours, Monday through Friday. Access to buildings or properties after hours by workforce members or students is available only with an UTHealth ID badge. Access to authorized areas within the institution is managed by UT Police through a network of Area Approval Authorities (AAAs) responsible for their individual, electronically controlled spaces. The access control system utilizes over 6,000 card readers to control and monitor these areas, and is supported by the UT Police security surveillance system for camera monitoring and recording. Sensitive areas are monitored for unauthorized access via intrusion detection sensors. Access control programming is managed by the UT Police Risk Protection Operations team.

Ground Safety and Maintenance

UTHealth utilizes the concept, Crime Prevention Through Environmental Design (CPTED), which maintains campus facilities in a manner that minimizes hazardous and unsafe conditions. It focuses on outdoor lighting that illuminates campus pathways and building or property entrances. Efforts are made to trim shrubbery and trees to minimize shadowed areas. Reports of any related safety concerns can be directed to UT Police at 713-792-2890.

Blue Light Phones

Fifty-two emergency, direct-ring telephones are strategically located throughout the campus and in parking garages on-campus. Each blue light phone is easily identified by its blue pedestal, clearly marked “Emergency” and is easily activated. When the red alert button is pressed, an individual can speak directly to the UT Police Risk Operations Center (ROC). If necessary, the ROC will dispatch an officer or emergency team to respond.

Senior Public Safety Officer

Chacko Mancheril

Blue light emergency phones provide direct access to UT Police.
Bias-Based Profiling

Racial profiling is specifically prohibited in Texas under the provisions of the Code of Criminal Procedure Articles 2.131-2.137. UT Police officers are prohibited from engaging in bias-based profiling in traffic contacts, field contacts and in asset seizure and forfeiture.

For those who believe they’ve been stopped or searched based on racial or bias-based profiling, complaints should be directed to UT Police at 713-792-2890 or utpdia@mdanderson.org.

All complaints will be investigated in a thorough and timely manner. If racial or bias-based profiling occurs and is proven in sustained complaints, corrective action including termination of employment and criminal prosecution may result. If bias-based profiling behaviors are suspected, early intervention to correct such behavior may be appropriate and could include counseling, training and education.

The UT System office of the Director of Police publishes an annual Racial Profiling Analysis report.

Voluntary Confidential Reporting and Anonymous Reporting

If you’re the victim of a crime and don’t want to pursue action within UTHealth’s system or the criminal justice system, you may still want to consider making a voluntary and confidential report to UT Police. With your permission, a UT Police officer can file a report on the details of the incident without revealing your identity. Confidential reports will comply with your desire to keep the matter confidential while giving UT Police the ability to take steps to ensure the future safety of yourself and others. Confidential reporting allows the institution to keep an accurate record of the number of incidents involving workforce members, students and visitors; determine where there is a pattern of crime with regard to a particular location, method or assailant; and alert the campus community to potential danger. To file a confidential report, contact UT Police at (713) 792-2890 or utpdia@mdanderson.org.

Throughout the year, as well as through an annual questionnaire, UT Police gathers reports of Clery Act reportable crimes for inclusion in the Annual Security and Fire Safety Report (ASR) from CSAs who work in Employee Health and the Employee Assistance Program. Pastoral and professional counselors, when acting as such, are not considered Campus Security Authorities, but as a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled on the procedures to report crimes on a voluntary basis for inclusion into official responses by law enforcement and inclusion into the ASR.

Although confidential reports are counted and disclosed in the crime statistics for UTHealth Houston, as with all other reports of crime included in the ASR, no personally identifiable information is disclosed or included.

Individuals can also report anonymously at www.lighthouse-services.com/compliance@uth.tmc.edu. Reports of this nature will be honored to the extent permitted by state law, criminal investigatory requirements and institution proceedings. These anonymous reports are counted and disclosed in the crime statistics for UTHealth Houston, but, as with all other crimes included in the ASR, no personally identifiable information is disclosed or included.

UTHealth Houston also offers a compliance hotline (833-222-0056) during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday.

All reports can be reported by:

- UT Police
- Local law enforcement
- The Houston Fire Department
- UTHealth's system or the criminal justice system

When calling 911 while on campus, advise 911 that you’re calling from UTHealth.

When calling 911 while off-campus, campus security is the most appropriate emergency resource.

Remember to always provide your name, phone number and location. When possible, provide your exact location, as the operator may not be able to see the address you provide. Remember to give the operator the name of the victim, if applicable, and any other relevant information. The operator will direct you to the nearest local law enforcement agency that has jurisdiction.

Submit a Complaint

UT Police is committed to providing the university community with the highest quality of police services. Therefore, we take allegations of misconduct or inadequate service very seriously. UT Police will investigate all allegations thoroughly to resolve complaints in a fair and unbiased manner. Complaints may be submitted through the UT Police website, www.utph.org, or by email to utpdia@mdanderson.org, or by phone at 713-792-2890.
The Clery Act recognizes certain individuals and organizations, including campus police and security departments, as Campus Security Authorities (CSAs). While it’s preferred that community members promptly report all crimes and other emergencies directly to UT Police at 713-792-2890 or to 911, it’s recognized that some may prefer to report incidents to other individuals or school officials who have been designated as CSAs. The Clery Act defines these individuals as:

• Any individual or organization who have responsibility for campus security but who don’t constitute a campus police department or a campus security department.

• Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.

• Any official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

CSAs are responsible for reporting to UT Police those allegations of Clery Act reportable crimes that are reported to them in their capacities as CSAs. CSAs are not responsible for determining authoritatively whether a crime took place, or trying to apprehend the alleged perpetrator of the crime—that is the function and responsibility of UT Police. Additionally, CSAs should not try to convince a victim to contact law enforcement if the victim chooses not to do so.

A comprehensive list of UTHealth Houston’s CSAs may be found online at: https://www.utph.org/index/docs/UTHealth-CSAs.pdf.

## Safety Tips
### Participate in Your Safety

If you see any suspicious persons or vehicles, contact UT Police immediately at 713-792-2890.

### Protect Yourself at Work
- Lock your office door every time you leave, even for short trips down the hall. Secure your office and your belongings. Don’t leave valuables such as wallets, purses, cell phones or tablets in plain view. Require identification before admitting someone unfamiliar into your room or office.
- Don’t walk alone at night. Stay in lighted walkways or call UT Police to request an escort to your vehicle.
- Trust your instincts. If you see any suspicious persons or vehicles, contact UT Police immediately at 713-792-2890.
- Keep emergency numbers near your work phone and save them in your cell phone’s address book.

---

## Protect Yourself in Social Situations

When dating someone you’re newly acquainted with, tell people you trust about your date location and expected time of return.

- Go out in groups or engage in social situations where you don’t have to be alone with one person.
- Drive yourself to the destination and carry extra money in case you need to get home on your own.
- Remember that alcohol impairs your decision-making abilities and ability to communicate.
- If you feel uncomfortable, there’s probably a reason. It’s better to do something you may consider rude than to remain in a dangerous situation.
- Trust your instincts, feelings and concerns.

## Bystander Intervention

Bystander interventions are safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking.

- **Bystander intervention includes:**
  - Understanding institutional structures and cultural conditions that facilitate violence;
  - Overcoming barriers to intervening;
  - Identifying safe and effective intervention options; and
- **Taking action to intervene.** Courses offered to develop and refine these skills can be found on the [UT Police website](http://uth.tmc.edu/)

## Protect Your Property

Keep your vehicle locked at all times, park in well-lit areas and don’t leave your vehicle running while unattended. Criminals often target vehicles parked in dark and isolated areas.

- Don’t leave valuables such as wallets, purses, cell phones or tablets in plain view. Avoid stowing valuables or shopping bags in the trunk after you park. Instead, stow them prior to leaving your location.
- Avoid displaying or giving the appearance of carrying valuable items, such as cell phones or money. Don’t display cash openly, especially when leaving an ATM machine.
- Use more than one anti-theft device, such as steering wheel lock or an alarm system.

## Protect Our Buildings

Maintaining a secure work and educational environment is in the hands of each and every individual who works, studies or visits UTHealth Houston. Display your ID badge at all times and be alert. Don’t allow someone in if they don’t belong. If you encounter anyone who disregards your attempts to keep a building secure, alert a public safety officer or contact UT Police at 713-792-2890.

---

### UT Police Engraving Service

UT Police has an engraver that can be used to mark your valuables such as a driver’s license, that can be traced back to you in case the item is stolen. Contact utphoutreach@uth.tmc.edu to reserve the engraver.

## Record Keeping Tips

- Keep emergency numbers near your work phone and save them in your cell phone’s address book.
- Trust your instincts. If you feel uncomfortable, there’s probably a reason. It’s better to do something you may consider rude than to remain in a dangerous situation.
- Trust your instincts, feelings and concerns.

## Protect Your Vehicle

- Keep your vehicle locked at all times.
- Park in well-lit areas.
- Don’t leave your vehicle running while unattended.
- Don’t leave valuables such as wallets, purses, cell phones or tablets in plain view.
- Avoid displaying or giving the appearance of carrying valuable items, such as cell phones or money.
- Use more than one anti-theft device, such as a steering wheel lock or an alarm system.

Missing Student Notification

UTHealth Houston takes the safety of their community members very seriously. Any individual who has information that a student may be missing for a minimum period of 24 hours, should immediately report that information to authorized persons, organizations, or UT Police at 713-792-2890.

The authorized persons or organizations include: the Deans of the student’s respective school, the Office of Student Affairs (or comparable department) of the student’s respective school, Director of University Housing at 713-500-8400) and UT Police at 713-792-2890.

Such reports should include whether the student has been missing for more than 24 hours.

It’s required the missing person report will be immediately referred to UT Police. UT Police will alert other local law enforcement agencies as it deems appropriate or necessary during the course of its investigation.

A student will be deemed missing upon the receipt of a credible missing person report as outlined in HOOP Policy 207, Missing Student Notification. Students will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concerns for their safety. Once a determination has been made that a student is missing, the institution will notify local law enforcement within 24 hours. The only exception is when it’s the law enforcement agency that made the determination.

Before presuming that a student is missing, reasonable measures should be taken to determine whether or not he or she is at their place of residence or other normal location and whether anyone familiar with the student has seen or heard from the student recently or is aware of his or her whereabouts.

All students residing in on-campus student housing facilities have the option of identifying a “confidential contact person” who will be notified within 24 hours if the student is determined to be missing, in accordance with HOOP Policy 207, Missing Student Notification. Students may report that information to a confidential contact person in person with the office of the Director, University Housing, during normal business hours. The contact information for the confidential contact person will be kept confidential, accessible only to authorized campus officials, law enforcement and may not be disclosed except for in a missing person investigation.

When a student is reported and deemed missing, UT Police will:

- Investigate to determine the validity of the missing person report.
- Make a determination as to the status of the missing student.
- Contact the appropriate university personnel.
- Notify any other appropriate outside law enforcement agencies within 24 hours after determining that the student is missing.
- If the missing student is under the age of 18 and is not an emancipated individual, notify the student’s custodial parent or guardian listed in the records of the university within 24 hours of determining that the student is missing.
- Identify the missing student’s emergency contact within 24 hours.
- Investigate and attempt to locate the missing student. If the student’s disappearance is being handled by an outside law enforcement agency, UT Police will assist that agency.

When filing a missing student report, provide as much information as possible regarding the missing student, including:

- Physical description,
- What the student was wearing when last seen,
- Where the student was last seen,
- What physical condition the student was in when last seen.

If the student was driving or has a vehicle and its description,

- Any information related to medical or special conditions.

A Note:

UT Police provides all updates to the university’s Director of University Housing, who in turn notifies all parties previously contacted and will advise them of the status in a timely manner, in accordance with HOOP Policy 207, Missing Student Notification.

Individuals may also report a missing student to the dean or the Office of Student Affairs (or a comparable department) of the student’s respective school of discipline or to the director of University Housing at (713) 500-8400.

Methodology

UT Police is charged with identifying reportable crimes and collecting and reporting crime statistics annually to the U.S. Department of Education.

This report contains crime statistics that have been compiled for the three previous calendar years. The crime statistics reported have been compiled from data collected from a number of reporting sources including UT Police, the state of Texas, municipal and county law enforcement agencies, and non-commissioned CSAs.

Any reportable crime made to a CSA can be immediately transmitted to UT Police online at www.utph.org; mail to 7777 Knight Road, Houston, Texas 77054; by email to policerecords@mdanderson.org; or by fax to 713-745-8509.

Arrests and Disciplinary Referrals

The Annual Security Report provided by UT Police includes all reported arrests and referrals for disciplinary action for weapons, drug abuse and liquor law violations provided by CSAs to the police department during the reporting period.

Working Relationships with State and Federal Law Enforcement Agencies

UT Police maintains excellent working relationships with all area law enforcement agencies, including the Houston Police Department, the Texas Medical Center Police and Security Services Department, Houston METRO Police Department, the Texas Department of Public Safety, the Federal Bureau of Investigations, and law enforcement agencies in regional jurisdictions. These working relationships are maintained through memorandums of understanding (MOUs), communications among agency administrators and frequent contact between line officers and investigators cooperating on investigating specific cases and trainings.

Non-Campus Criminal Activity

UT Police doesn’t track law enforcement proceedings for offenses that occur off campus. UT Police does, however, collect from area law enforcement agencies the required statistics on crimes that occur at specified non-campus locations as required by the Clery Act for inclusion in the Annual Security Report. Students visiting off-campus locations that have not been designated as non-campus locations should promptly report all crimes to the local police department or county sheriff’s office.

In the event that reports of off-campus criminal offenses committed by workforce members or students are received by UT Police or a designated CSA from an outside law enforcement agency, they may be referred for appropriate disciplinary action.

**HATE CRIMES**

No HATE CRIMES were reported for 2019, 2020, or 2021.

**UNFOUNDED CRIMES**

No crimes were reported as UNFOUNDED for 2019, 2020, or 2021.

**NOTES:** Statistical data provided by UTHealth San Antonio University Police provided statistical data for 2019 and 2020 are included in this report. Statistical data provided by The City of San Antonio Police Department for 2019, 2020 and 2021 are included in this report.
Policies and Regulations

Campus Policy Statements and Regulations

UTHealth Houston Handbook of Operating Procedures (HOOP)
Clery Act Policies

University Standards of Conduct

Rules and Regulations of the UT System Board of Regents

Rule 30103: Standards of Conduct, Section 1 Statutory Compliance states: Every employee is expected to obey all federal, state and local laws, and particularly Texas Penal Code, Chapter 42 and Section 46.03 and Texas Education Code Section 51.935. Any employee who violates any provision of these statutes is subject to disciplinary action, including dismissal, notwithstanding any action by civil authorities on account of the violation. Rule 50101: Student Conduct and Discipline, Section 1 Standards of Conduct states: All students are expected and required to obey federal, state, and local laws; to comply with the Regents’ Rules and Regulations, The University of Texas System and institutional rules and regulations, and directives issued by administrative officials of the UT System or UT System institutions in the course of their authorized duties; and to observe standards of conduct appropriate for an academic institution.

University Penalties

Students and employees are subject to disciplinary action up to and including termination or dismissal for conduct related to the possession or distribution of drugs that are prohibited by state, federal, or local law. For more information on university penalties, refer to:
- HOOP Policy 173, Substance Abuse
- HOOP Policy 160, Criminal Background Checks

Any student who engages in conduct that violates the Regents’ Rules and Regulations, university or UT System rules, or federal, state or local laws is subject to disciplinary action whether the conduct takes place on or off university property and whether or not civil or criminal penalties may be imposed for such conduct. A student also is subject to disciplinary action for prohibited conduct that occurs while participating in any activities sponsored by the university or UT System, including, but not limited to, field trips, study abroad programs, inter- and intramural athletic activities, student organizations registered with the university, and laboratory and other rotations or clinical assignments, whether on or off university property.

State & Federal Criminal Penalties

State and federal laws regarding the possession, use and sale of alcoholic beverages and illegal drugs are strictly enforced by UT Police.

Prohibited & Illegal Weapons

With limited exceptions, UTHealth Houston bans firearms from their facilities and properties. Two such exceptions apply only to persons who hold a valid and appropriate state-issued handgun license. The first is found in Section 52.061 of the Texas Labor Code and involves firearms being stored in personally owned, locked vehicles in parking lots and parking garages. The second, most recent exception is Senate Bill 11, also known as Campus Carry, and involves concealed handguns in certain areas on the campuses. As an institution of higher education, UTHealth Houston is obliged to adhere to these laws and is not at liberty to enact policies or provisions that violate them.

Those who hold a valid and appropriate state-issued handgun license may carry their handguns, in accordance with the laws and each institution’s respective policies. Other than the exceptions cited above, only law enforcement officials may carry firearms on UTHealth’s campus.

Alcoholic Beverages

The UT System Board of Regents designated UTHealth Houston a “Drug Free University” on Aug. 1, 1990. In compliance with this policy, the university provides online information for students and employees regarding alcohol and other drug possession, use, abuse and distribution, including standards of conduct and penalties for rule and law violations.

It’s unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 in a public place or a place open to the public is illegal.

The use, possession or distribution of alcohol on the premises of university and at events (on or off campus) sponsored by the university or The University of Texas System (“UT System”) or by a registered employee or student/resident organization is prohibited, unless approved in advance by the Senior Executive Vice President, Chief Operating Officer (“COO”) or designee.

An event is sponsored by the university if a budgeted office, department or division of the university is responsible for organizing the event, inviting attendees, or paying expenses related to the event, including the purchase of food and beverages. University representatives sponsoring such events must comply with relevant university policies and take appropriate measures to protect the welfare of the university, its staff, students and guests. The impairing use of...
alcohol at an authorized, official university function, in the course of official university business, or at an authorized university site in a manner that may adversely affect job performance, or the safety of any other person is prohibited.

Substance Abuse

Employees, students and trainees are prohibited from:

- Unauthorized purchasing, manufacturing, distributing, possessing, selling, storing or use of an illegal drug or controlled substance while they are working on the premises or property owned or controlled by the university, on university business, participating in university activities or in vehicles used for university business;
- Using prescription or over-the-counter medications without heed to warnings about impact on performance or safety;
- Distributing drugs or controlled substances obtained pursuant to a prescription, except by a duly licensed and certified person, while on duty or on the premises or property owned or controlled by the university; and
- Using alcohol, an illegal drug or a controlled substance while not on duty that adversely affects job performance or may adversely affect the health and safety of trainees, employees, visitors, or patients.

For more information on university penalties regarding alcohol usage and substance abuse, refer to the following:

- HOOP Policy 9, Alcoholic Beverages
- HOOP Policy 173, Substance Abuse
- HOOP Policy 163, Fitness for Participation (Students)
- HOOP Policy 160, Criminal Background Checks

State and federal laws regarding the possession, use and sale of alcoholic beverages and illegal drugs are strictly enforced by UT Police. Violators are subject to criminal prosecution by law enforcement authorities, fines and imprisonment.

Counseling and Treatment Options

Addiction is a serious problem that can have significant detrimental effects on the personal and professional life of our students and employees. Addiction can be a complicated issue to handle without professional help. The university can assist with finding help for students and employees struggling with addiction. Addiction services often include counseling to address social triggers and emotional problems fostering the addiction, as well as identifying the tools and medical care needed to overcome the physical aspects associated with addiction. In compliance with the Drug-Free Workplace Act of 1988, and the Drug-Free Schools and Communities Act Amendments of 1989, university employees, students and trainees are encouraged to obtain assistance for the treatment of chemical dependence. Such assistance may be provided through UTHealth Houston’s Office of Employee Assistance Programs, Student Health and Counseling Services, the Department of Psychiatry and Behavioral Sciences, private physicians or community agencies with expertise in treating chemical dependence. In accordance with HOOP Policy 218, Fitness for Duty/Fitness for Participation (Employees), co-workers or others whose observations lead them to question an employee’s fitness for duty, must report their observations to the applicable supervisor. The supervisor will take action in accordance with HOOP 218, Fitness for Duty/Fitness for Participation (Employees).

Students or others whose observations lead them to question a student’s fitness for participation in university activities, must report their observations to the applicable school’s Student Affairs office or other dean’s designee. The applicable Associate/Assistant Dean for Student Affairs or other dean’s designee will take action in accordance with HOOP Policy 163, Fitness for Participation (Students).

Additionally, the dean may have other mechanisms for prevention, evaluation, referral, and monitoring of students for whom there is a reasonable suspicion of impairment due to substance abuse. Deans’ offices may be contacted for more information.

University resources related to addiction and options for drug treatment and counseling services can be found here:

- HOOP Policy 218, Fitness for Duty/Fitness for Participation (Employees)
- HOOP Policy 163, Fitness for Participation (Students)
- HOOP Policy 160, Criminal Background Checks
- Student Conduct and Discipline.

Students convicted under a criminal statute for a drug-related offense are required to notify their dean or the dean’s designated representative not later than five days after such conviction. Students convicted of substance-abuse-related crimes which occur on premises or property owned or controlled by the university will be subject to disciplinary action, up to and including dismissal, in accordance with HOOP Policy 186, Student Conduct and Discipline.

Employees and fellows employed by the university convicted under a criminal statute for a drug-related offense occurring on property or premises owned or controlled by the university are required to notify Human Resources-Employee Relations not later than five calendar days after the conviction.

Human Resources – Employee Relations must inform the Office of Institutional Compliance immediately after receiving notice of such a conviction. For employees and fellows working on certain federally funded contracts and grants, the Office of Institutional Compliance is responsible for ensuring the contracting agency is notified within ten calendar days after receiving notice that an employee or fellow has been convicted of a drug-related criminal offense.

Employees or fellows employed by the university convicted of a felony offense related to use, possession, dispersion, distribution or manufacture of an illegal drug occurring on property or premises owned or controlled by the university will be subject to disciplinary action, up to and including termination or dismissal.

Beginning in 2022, training for all UT Police workforce members began to be offered in Active Bystandehsip for Law Enforcement (ABLE). The nationally recognized ABLE training program prepares officers to successfully intervene, with the goal of preventing harm and promoting a law enforcement culture that supports peer intervention.
Workplace Violence

UTHealth Houston defines violence in the workplace as the acts, threats or violence that arise out of either disputes or antagonistic interpersonal relationships between employees, visitors, customers and/or other employees in and around the place of employment. See HOOP Policy 39, Campus and Workplace Violence Prevention.

Workplace violence is categorized into three areas: stranger violence, client violence and employee violence. In an effort to provide a safe and secure workplace free from violence or threats for UTHealth Houston employees, the institution has developed policies against violence in the workplace. The UT System recognizes the high cost of violent incidents and the disruptive effect they have on employees and productivity. Personal harassment, including stalking, abusive behavior, threats and acts of violence are not tolerated. Complaints of workplace violence should be reported immediately to UT Police by calling 713-792-2880 or 713-792-8867 (713-792-STOP). If violence is occurring or the threat of violence is imminent, call 911.

In the event an interaction that may escalate into workplace violence is reported, a campus threat assessment committee, or Behavioral Intervention Team (BIT), is convened. The committee, called STOP at UTHealth Houston, consists of a team of professionals who are authorized to investigate, deliberate on available information, make determinations, and take action to assist in resolving incidents of violence and threats of violence. The BIT team has the authority to invite, as needed, representatives from other areas to participate in committee activities (e.g., Faculty Academic Affairs, Trainee and Alumni Affairs).

The committee includes representatives from UT Police, Student Health and Counseling Services, Faculty/Employee Assistance Program, Title IX Office, Human Resources, Office of International Affairs, Legal Services, Academic Affairs, and a UTHealth Houston Chair. The committee is authorized to investigate, make determinations and recommendations, and take action to resolve incidents of violence. Committee recommendations may include, but are not limited to, referrals for counseling services, leave of absence, or disciplinary sanctions, up to and including termination of employment or dismissal.

Hate Crimes

On Aug. 14, 2008, the Higher Education Opportunity Act (Public Law 110‑315) (HEOA) was enacted to expand hate crime reporting requirements to include the following offenses: murder, negligent homicide, non-negligent manslaughter, sex offenses (including rape, fondling, incest, and statutory rape), robbery, aggravated assault, simple assault, burglary, motor vehicle theft, larceny (theft), intimidation and destruction, damage or vandalism of property in which the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, ethnicity or disability.

UTHealth Houston places a great emphasis on the value of diversity. However, there may be occurrences when someone may be the target of a hate crime or a bias-motivated incident. Hate crimes and bias-motivated incidents negatively affect the entire campus community. While our campuses are not immune to such opportunistic acts, the low number of reported occurrences provides some anecdotal information that great strides have been made toward the creation of a campus environment that is more tolerant of diverse individuals, groups, cultures and ideas.

Sexual Misconduct

UTHealth Houston is committed to providing a work and learning environment that is free from inappropriate conduct, including sexual misconduct. The institution provides education regarding how UTHealth Houston prohibits the crimes of dating violence, domestic violence, sexual assault and stalking as those terms are defined by HOOP Policy 59, Prohibition of Sexual Harassment, Sexual Misconduct and Sexual Assault, and ways to prevent and report such actions, to all new and current employees and students. Employees and students who are confirmed to have engaged in such behavior are subject to disciplinary actions that may include, but are not limited to, written reprimands, the imposition of conditions, reassignment, suspension, probation, termination or dismissal.

Workforce members and students impacted by sexual misconduct have many resources and options available for support. Anyone in immediate danger or in need of emergency assistance should call 911.

UTHealth Houston encourages those who have experienced any form of sexual misconduct to report it as soon as possible. Any person may report an incident, whether or not the person reporting is the person alleged to be the victim of the incident, and it can be a verbal or written report. Reports can be made by contacting:

Margaret McNeese, MD

Upon receipt of a report of sexual misconduct, the Title IX Coordinator will promptly offer the complainant and the respondent supportive measures, free of charge. Supportive measures may include, but are not limited to:

- Housing reassignment
- Counseling
- Extensions of deadlines or other course-related adjustments
- Modifications of work or class schedules
- Withdrawal from or retake of a class without penalty
- Campus escort services
- Mutual restrictions on contact between the parties
- Change in work or housing locations
- Leaves of absence
- Increased security and monitoring of certain areas of campus

Other similar measures tailored to the individualized needs of the parties

Note: As stated in HOOP Policy 59, Prohibition of Sexual Harassment & Sexual Misconduct, complainants are encouraged to notify UT Police, a Campus Security Authority, or other campus authority and local law enforcement if a crime of dating violence, domestic violence, sexual assault or stalking occurs. However, complainants have the option to decline notifying authorities or to involve law enforcement and campus authorities or to notify such authorities anonymously. In such cases, supportive measures are still available to a complainant, regardless of their decision not to report to law enforcement. Please note however, UT Police can assist complainants in notifying local law enforcement authorities if desired. Victims and/or witnesses to acts of dating violence, domestic violence, sexual assault, sexual harassment, or stalking are encouraged to report these incidents to the Title IX office, the police or both. Once notified of one of these crimes, the University and UT Police will work collaboratively to care for the physical needs of the victim and preserve any forensic evidence associated with the offense.

In most cases, uniformed first responders will make the initial contact with the victim. Police will listen to the victim’s account, identify potential witnesses, develop suspect(s) and preserve/collect evidence from the crime scene. EMS may be called to treat the victim’s physical injuries.

Procedures Following a Crime of Dating Violence, Domestic Violence, Sexual Assault, or Stalking

If you’re the victim of dating violence, domestic violence, sexual assault or stalking it’s important to preserve evidence that may assist in proving that the alleged offense occurred, or that may be helpful in obtaining a protection order.

Victims of sexual assault will be encouraged to immediately seek medical treatment and have a free forensic examination performed at an area hospital by a specially trained Sexual Assault Nurse Examiner (SANE).

These healthcare professionals help begin the recovery process. They also document injuries and preserve evidence should the victim wish to prosecute an identified suspect. When appropriate, UT Police will file charges and arrest offenders. These important exams don’t require filing a police report but help to preserve evidence in case victims decide to file a police report at a later date. If victims don’t opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence, if they have any, that would be useful to investigators and/or police. Such evidence may include phone and text message records, social media posts and messages, photographs, and videos. In cases of sexual assault, a forensic exam can be performed by a Sexual Assault Nurse Examiner (SANE) within 5 calendar days (120 hours) of the incident, regardless of whether you choose to file police report. It’s recommended that the exam be performed as soon as possible and that you avoid changing clothes, douching, or showering prior to the exam.

Employees or students who may wish to seek external help with respect to domestic violence, dating violence, stalking or sexual assault—and are not experiencing an emergency—may find support resources at www.uth.edu/titleix/support-resources.

Regardless of whether the offense occurred on or off campus, the institution will offer the complainant supportive measures and an explanation of the student or employee’s rights and options. In all cases, victims will receive information regarding the Crime Victim Compensation program which provides financial assistance for unreimbursed expenses incurred by the victim and/or certain qualified family members as a result of the crime.

Additionally, the UT Police Threat Management Team (TMT) will work with the victim and University officials on a safety plan designed to keep the victim and others on-campus safe. If the offender is known, TMT will work to mitigate any ongoing risk directly related to the offender, including, but not limited to collaborations with other law enforcement agencies, prosecutors, mental health officials, and the courts. Additionally, in all cases where a safety plan is requested by a complainant TMT will work with the University and involved parties to explore options for supportive measures, including, but not limited to: escorts to and from campus, removal of identifying information from the campus directory, necessary changes in work or academic schedule, no contact orders, leave of absence, relocation assistance.

Additional information can be found at www.uth.edu/titleix and within HOOP Policy 59, Prohibition of Sexual Harassment & Sexual Misconduct regarding how to file a report, obtain orders of protection, procedural rights of all parties, and support resources.

WHERE TO OBTAIN A SANE EXAM

A SANE exam can be obtained in the Texas Medical Center at the following locations:

- Memorial Hermann Texas Medical Center
  6411 Fannin
  Houston, TX 77030

- Children’s Memorial Hermann Hospital
  6411 Fannin
  Houston, TX 77030

- Memorial Hermann Southwest
  7600 Beechnut
  Houston, TX 77074
Procedures for Investigating Allegations of Sexual Misconduct

Grievance Process

1. To begin the Grievance Process, the complainant must sign a Formal Complaint (requesting an investigation) and submit it to the Title IX Coordinator. Alternatively, the Title IX Coordinator may also sign a Formal Complaint against a respondent (requesting an investigation). Investigations initiated by the Title IX office will be conducted by investigators who receive annual training on the issues related to dating violence, domestic violence, sexual assault, sexual harassment and stalking and on how to conduct an investigation and participate in disciplinary procedures in order to protect the safety of the victims and promote accountability. Training also includes how to identify relevant evidence and how to utilize such evidence during an investigation; proper techniques for questioning witnesses; basic procedural rules for conducting an investigation; and avoiding actual and perceived conflicts of interest.

2. Unless the Formal Complaint is dismissed under the guidelines authorizing mandatory or discretionary dismissals, after receiving a Formal Complaint, the Title IX Coordinator will provide a written notice to the parties of the Formal Complaint and will provide information on available University resources and assistance.

3. After the parties have been provided with a copy of the written notice of a Formal Complaint, both parties may, in writing, voluntarily agree to an Informal Resolution, which may include a mediation process.

4. Absent Informal Resolution, after the parties receive written notice of a Formal Complaint, the respondent will be allowed a reasonable time to respond through an interview with the investigation and in writing.

5. The parties in the investigation may present any information and evidence that may be relevant to the Formal Complaint and may have an advisor of their choice attend any related interview, meeting, or proceeding in the Grievance Process.

6. The investigators will interview relevant and available witnesses.

7. The investigation will be concluded within 90 business days of the filing of a Formal Complaint.

8. Prior to the completion of the investigation report, the investigators will provide access to all evidence (whether relevant or not) obtained as part of the investigation to both parties (and the party’s advisor). Both parties will have 10 business days to inspect, review and respond to the evidence. All responses must be timely submitted by the party in writing to the investigator.

9. Absent a Formal Complaint dismissal or Informal Resolution agreement, the University will provide a live hearing to the parties to determine responsibility.

10. The hearing panel will issue to both parties a written determination that includes the findings of fact, any disciplinary sanctions, and procedures and bases for appeal.

11. Both parties will receive equal opportunities in all aspects of the process including notices and advisor representation. Further, the standard of proof in determining the outcome will be the “preponderance of the evidence,” as defined in this policy.

Confidentiality

Individuals wishing to remain anonymous may report an alleged violation of this policy in any manner; however, electing to remain anonymous will limit the University’s ability to collect evidence, take remedial actions, or otherwise fully address the alleged violation. UTHealth Houston will not disclose externally and keep confidential all personally identifying information about complainants, to the extent permitted by law. In addition, the University will confidentially maintain accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures. UT Police, the Title IX office, and STOP (the institution’s Behavioral Intervention Team) will collaborate to address campus and workplace violence concerns. Complainants will be informed by their assigned point of contact from UT Police, the Title IX office, or STOP, of the need to disclose personally identifying information when the University determines the need to act in order to maintain campus safety. The University has an obligation to maintain an environment free of sex discrimination, thus many University employees have mandatory reporting and response obligations and may not be able to honor a complainant’s request for confidentiality. If a complainant chooses to provide information regarding sexual misconduct that may wish to keep confidential, responsible employees should ensure the complainant understands: (1) the respondent’s obligation to report the names of involved parties and any relevant facts regarding the alleged incident to the Title IX office; (2) the complainant’s ability to request confidentiality; (3) the complainant’s ability to share information confidentially with counseling, advocacy and mental health or sexual assault services; and (4) the complainant’s right to file a complaint with the Title IX office and to report the crime to UT Police or local law enforcement.

Supportive Measures

We will work with you to assess the need for a safety plan, and any related resources. Such activities will be coordinated by UT Police, in partnership with STOP and the Title IX office and may include:

- How to request changes to your academic program
- Assistance in altering your living, transportation, and working arrangements
- The availability of protective or no-contact orders
- Factors in determining what is reasonable may include, but are not limited to: need expressed by complainant, age of students involved, severity or pervasiveness of allegations, continuing effects, whether parties share the same residence, classrooms, transportation or job location, and whether judicial measures have been taken to protect the complainant (ex – civil protective order).

To initiate any supportive measures you may contact the Title IX office at 713-500-CALL (2255) or CALL@uth.tmc.edu.
Protective Orders
Under Texas law, victims of family violence, sexual assault, human trafficking or stalking may obtain a protective or restraining order from a civil or criminal court.

There are several resources available that will provide information about protective orders and the process for application:

• Local county or district attorney’s office
• The Attorney General of Texas (stalking, sexual assault and domestic violence), www.texasattorneygeneral.gov/crime-victims
• Houston Area Women’s Center assists male and female survivors of domestic and sexual violence. Domestic Violence Hotline: 713-528-2121, Sexual Assault Hotline: 713-528-RAPE (7273), www.hawc.org
• Local legal aid office
• Houston Volunteer Lawyers, 713-228-0735, www.makejusticehappen.org
• Hire a private attorney

Non-Relatation
Workforce members and students who retaliate in any way against an individual who has brought a complaint pursuant to the sexual misconduct institutional policies, or against an individual who has participated in an investigation of a complaint, are subject to disciplinary action up to including termination or dismissal. See HOOP Policy 108, Protection from Retaliation.

Sexual Assault Investigative Guarantee
If you have been sexually assaulted, you have the right to report the assault to UT Police. As an encouragement to report sexual assaults, UT Police is committed to the following 10 guarantees:

• We will meet with you privately, and you may be accompanied by an advisor of choice (Advocate or Assistant). The institution will not limit your choice of advisor; however, the person assisting may not examine witnesses or otherwise actively participate in meetings, proceedings or interviews.
• We will provide either a male or female officer to correspond with the complainant’s gender or preference, to conduct the initial interview, if requested and if one is available.
• We will fully investigate your case, regardless of the gender, race, ethnicity, sexual orientation, age, national origin or religion of the parties involved.
• We will not pre-judge you or your actions. Assault victims are not responsible for the criminal actions of others.
• We will treat you and your case with courtesy, sensitivity, respect and understanding.
• We will assist you in arranging for your medical needs and/or hospital treatment.
• We will provide you with advocate and counseling referral information.
• We will not release your name to the public or to the press.
• We will discuss and explain the criminal justice process. You will be kept informed as to the progress of the investigation, which may include the arrest and prosecution of the offender.
• We will be available to answer your questions as the process of the investigation and prosecution unfolds.

Disciplinary Actions
1. Under the Grievance process, if the Hearing Panel determines that the sexual harassment and misconduct policy was violated, the Hearing Panel will determine appropriate sanctions and remedies.

2. Under the Alternative Grievance process for students, if the Title IX Coordinator determines that the sexual harassment and misconduct policy was violated, he or she will refer the matter to the appropriate administrator for disciplinary action in accordance with the applicable disciplinary procedures.

3. Disciplinary actions may include, but are not limited to, written reprimands, the imposition of conditions, reassignment, suspension, probation, termination or dismissal.

4. Implementation of disciplinary action against employees will be handled in accordance with the applicable University policy and procedures, which may include HOOP Policy 44, Faculty Reappointment and Non-Reappointment, HOOP Policy 133, Faculty Termination, HOOP Policy 153, Termination of Appointment; Administrative and Professional and/or HOOP Policy 187, Discipline and Dismissal of Classified Employees.

5. Implementation of disciplinary action against a student will be handled in accordance with the University student’s disciplinary procedures, as outlined in HOOP Policy 186, Student Conduct and Discipline. Both parties will receive equal opportunities in all aspects of the process including notice and advisor representation. Note: In accordance with applicable state or federal laws, court order or subpoena, the institution will disclose the results of a disciplinary proceeding conducted against a student who is the alleged perpetrator of any crime of violence or non-forcible sex offense to alleged victim or next of kin, if the victim is deceased.

Additional Remedies
In addition to sanctions that may be imposed pursuant to the appropriate disciplinary policy, the University may take appropriate action(s), including, but not limited to, those below:

1. Imposing sanctions against the respondent, including mandatory training attendance;

2. Ensuring the complainant and respondent don’t share classes, working environments or extracurricular activities;

3. Providing comprehensive, holistic victim services including medical, counseling and academic support services (e.g., tutoring);

4. Providing extra time to complete or re-take a class or withdraw from a class without an academic or financial penalty;

5. Designating an individual specifically trained in providing trauma-informed comprehensive services to victims of sexual violence to be on call to assist victims whenever needed;

6. Conducting, in conjunction with University leaders, a University climate check to assess the effectiveness of efforts to ensure that the University is free from sexual misconduct, and using that information to inform future proactive steps that the University will take;

7. Providing targeted training for a group of students if, for example, sexual misconduct created
a hostile environment in a particular program, department or clinic. Bystander intervention and sexual misconduct prevention programs may be appropriate; and/or

8. Issuing policy statements or taking other steps to communicate clearly that the University doesn’t tolerate sexual misconduct and will respond to any incidents and to any individual who reports such incidents.

Dissemination of Policy and Education

This policy will be made available to all members of the university community online and in appropriate publications. All incoming employees, students, residents, other trainees, and volunteers (including faculty appointed without salary) will be provided training on this policy as well as risk reduction and bystander intervention. This policy will be reviewed at least every two years.

Offender Registration Requirements for Campuses

UTHouston employees and students are required to disclose in writing to their supervisors any arrests for and/or criminal charges of all misdemeanor or felony offenses (other than minor traffic violations); any misdemeanor or felony convictions and/or deferrals of adjudication; community supervision and/or other pre-trial diversion or disposition (other than minor traffic violations); and whether they are registered or will be required to register as a sex offender within five business days of occurrence.

Every person who is required to register in Texas as a sex offender must register within five days with UT Police if they:

- reside on UTHouston campus property,
- are enrolled as a UTHouston student (including extension classes), or
- are a full- or part-time employee and student at UTHouston with or without compensation, including volunteers, or carries on a vocation, attends school or is a visitor to UTHouston.

A registered sex offender who has any campus affiliation (e.g., workforce member, student, volunteer) must also notify UT Police within seven working days of ceasing to be enrolled or employed, ceasing to carry on a vocation at UTHouston or changing their address.

Campus affiliated registration of sex offenders will be conducted at UT Police offices. Persons required to register must do so in person Monday through Friday (excluding holidays), between 8 a.m. and 5 p.m. Registrations will be handled by appointment only; call 713-792-4108 to schedule an appointment.

The University will also biannually provide notices to employees, students, residents, other trainees, and volunteers (including faculty appointed without salary) regarding this policy, conduct that could constitute a violation of this policy, and information about available resources, such as support services, health services and mental health services. UT Police will receive training on sexual misconduct policy and procedures, including their obligation to advise complainants of their option to file a complaint under these procedures, as well as to file a criminal complaint.

The Title IX and Deputey Title IX Coordinators, investigators, and any others with authority over investigations, hearings or disciplinary proceedings involving sexual misconduct shall receive training annually.

Public Access to Sex Offender Data

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services or is a student.

In Texas, convicted sex offenders must register with the local law enforcement authority of the city they reside in or, if the sex offender doesn’t reside in a city, with the local law enforcement authority of the county they reside in. The U.S. Department of Justice has created a publicly accessible internet-based national sex offender database that allows users to specify a search radius across state lines. The Dru Sjodin National Sex Offender Public Website is accessible at www.nsopw.gov. You also may search for information regarding registered sex offenders at the Texas Department of Public Safety website at https://publicsite dps.texas.gov/SexOffenderRegistry.

Upon registration of an offender, UT Police forwards a notice and identifying information to campus security officials.

Additionally, UT Police maintains links to local, county, state and federal agency websites that provide public access to data regarding registered sex offenders.

Reminder: Information contained under laws associated with registered sex offenders may not be used to harass, discriminate or commit a crime against any person who has been identified as a sex offender; and
- willing to sign a “Registered Sex Offender View Form”.

Registered sex offender information available for public viewing includes:
- name and known aliases;
- age, date of birth, gender and race;
- physical description (including scars, marks and tattoos);
- photograph (if available);
- crimes that were the basis for the registration requirement; and
- date of last registration.

Sec. 121 of the Adam Walsh Child Protection and Safety Act of 2006 establishes the Megan Nicole Kanka and Alexandra Nicole Zapp Community Notification Program to provide for notification to the Attorney General, relevant jurisdictions, law enforcement agencies, social service entities, volunteer organizations and other entities immediately after a sex offender registers or updates a registration.
Campus Sex Offender Disclosure

UT Police may proactively or reactively release any portion of the following information when a peace officer reasonably suspects, based upon information that has come to their attention, that a child or other person may be at risk due to the presence of a high-risk registered sex offender who is in the campus community:

- Name and known aliases.
- Age, date of birth, gender and race.
- Color, height, weight, and other physical characteristics.
- Physical description (including scars, marks and tattoos).
- Photograph (if available).
- Crimes that were the basis for the registration requirement.
- Residential address (must be verified by law enforcement prior to release).
- Description and license plate number of offender’s vehicle.
- Type of victim targeted by the offender.
- Relevant parole or probation conditions.
- Dates of crimes resulting in classification.
- Date of release from confinement.
- Offender’s employment, vocation or student status with UTHealth Houston.

Ongoing Prevention and Awareness Campaigns

Sex offense prevention and education programs are offered through the Community Outreach unit of UT Police. These programs promote the awareness of sexual assault, acquaintance rape and other sex offenses; encourage students and employees to report sex offenses; educate students and employees about the detrimental effects of victim-blaming attitudes; and strive to ensure that campus personnel don’t discourage victims from reporting sexual assaults.

UTHealth Houston partners with EverFi to provide year-round sexual assault prevention training to students. The course is designed to help students:

- Develop critical skills to make thoughtful and healthy choices inside and outside the classroom.
- Reflect on their knowledge, attitudes, and experiences related to the issues covered.
- Support their peers and themselves when faced with tough situations (bystander intervention).

Students can access EverFi training resources by visiting https://go.utth.edu/everyif and using their UTHealth Houston log in.

New Student & Trainee Orientation and Annual Compliance Training

"It Starts with U at UTHealth" is the campus campaign designed to ensure the university community is aware of how to recognize, prevent, and report incidents of sexual misconduct. Visual aids utilizing this campaign are featured on monitors across campus to remind university community members of the resources available through the Title IX office.

Each semester, as part of new student and trainee orientation the Title IX office gives a presentation on how to recognize and report sexual misconduct. This training also discusses the nuanced ways sexual misconduct can occur on our campus, outlines ways individuals can be active bystanders, details access to supportive resources, highlights prevention and safety training available and explains confidential resources. Additionally, annually, as part of annual employee institutional compliance training all employees receive detailed information on how to recognize and report sexual misconduct.

Additionally, the Title IX office participates in student events, such as Salutation, the annual diversity fair, Wellness Fair, and individual school sponsored events where they provide information on sexual misconduct and are available to answer questions from participants attending the events.

As an additional reminder, each Spring and Fall semester, the Title IX office also emails all students and employees with a reminder of Title IX resources and highlights key initiatives, such as available prevention and safety training.

Emergency Response and Evacuation

UTHealth Houston’s Emergency Management Plan is a multi-hazard plan that addresses the mitigation, preparedness, response and recovery either directly or through reference to other specific plans or appendices such as the Business Continuity Plan, IT Disaster Recovery Plan, Employee Assistance Program Plan, Harris County Psychiatric Center emergency plan, The University of Texas Physicians emergency plan, departmental plans or other emergency related plans.

Mitigation

UTHealth Houston is committed to programs that mitigate or prevent emergency situations. The Departments of Facilities, Planning and Engineering (FPE), and Auxiliary Enterprises (AE) are engaged in proactive maintenance of building systems and infrastructure. The Department of Information Technology (IT) has procedures in place for maintaining the institution’s network infrastructure and critical data. Environmental Health and Safety personnel don’t discourage victims from reporting sexual assaults.

Preparedness

This emergency management plan is a multi-hazard plan that is available to all UTHealth Houston personnel through the UTHealth Houston website, and hard copies are provided to all executive team members and the emergency control team. Each department is required to develop specific plans that address their unique needs and potential situations. UTHealth Houston conducts drills at least annually that exercise this plan that assist employees and students in understanding how to respond to emergencies. The drills may include fire evacuation drills, hurricane and flooding drills, and bomb threats, for example. The drills may be announced or unannounced to the institutional community. Testing of the UTHealth Houston ALERT text-based emergency communication system is also conducted twice per year. Records of emergency drills are maintained by Environmental Health and Safety.

Response

Response actions for the highest ranking items on the UTHealth Houston’s potential emergency situations risk assessment matrix are included within the plan. Information included assists employees, students and visitors in responding to emergency situations and evacuating to a safe location when necessary.

For additional information see HOOP Policy 39, Campus and Workplace Violence Prevention, HOOP Policy 85, Controlled Access Status for Emergency, Disaster or Severe Weather, HOOP Policy 87, Reporting Criminal Activity to Campus Police, HOOP Policy 141, Emergency Management and Business Continuity Plans.
Recovery

UTHealth Houston has established business continuity plans for each of the 11 key units and services that provide the necessary infrastructure for the institution to continue to have critical processes function in the event of an emergency or return to operation as soon as possible. Business continuity plans have also been developed for each of the six schools. The institution also has pre-established contracts with local vendors that provide hazard response and mitigation services, a mutual-aid agreement exists with the other UT System institutions for assistance, and insurance coverage where available and financially feasible.

Because each emergency situation is different, the UT Employee Assistance Program will customize its responses so that they may address the specific needs for each situation. Additional information on the EAP’s internal plan of operations to provide support in the aftermath of an emergency event can be obtained from the EAP at 713-500-3227.

Incident Command Responsibility

A single event or any combination of events can trigger possible emergency level escalation. Severity level escalation decisions are made by the UTHealth Houston Executive Team. The Executive Team consists of the following members:

• UTHealth Houston president
• Senior executive vice president, chief operating officer
• Senior vice president, chief financial officer
• Executive vice president, chief academic officer
• Vice president of Facilities, Planning and Engineering
• Vice president of Safety, Health, Environment and Risk Management
• UT Police chief

It’s the responsibility of the President, in consultation with the Executive Control Team, to activate a controlled access condition. Access controls will be implemented. Under certain circumstances, only Category 1 essential personnel will be granted unescorted access to university facilities during periods of controlled access. Other individuals may be granted entry into the university on a case-by-case basis. These individuals must check in and out at designated check points.

Ride out teams may be necessary for certain emergencies, for example during hurricanes, to help protect and/or minimize damage to university property and to ensure continuity of business. Ride out teams will consist of designated essential personnel who will either physically remain on campus or be stationed in a remote setting to provide service throughout the emergency event. Necessary accommodations for ride out team members to effectively perform their jobs should be made in advance of the emergency event.

All departments are required to develop and maintain a written departmental emergency management plan and business continuity plan to address the department’s specific needs outside of the context of the larger university plans. Departmental plans shall be reviewed and updated as necessary or at least annually. Departmental plans must be consistent with the university Emergency Management Plans and Business Continuity Plans and shall not conflict with university plans.

The university will comply with all local, state and federal mandates and orders during emergencies such as mandatory evacuations. The university Emergency Management Plan shall be consistent with the National Incident Management System. The Incident Command System (as defined by the Federal Emergency Management Agency) shall be used as necessary during emergency situations.

All employees are required to familiarize themselves with their roles and responsibilities during an emergency.

Response to an Emergency

There are several groups at UTHealth Houston that play a key role in emergency response and are part of the emergency control team. Each group has specific responsibilities under the plan.

UT Police – Maintains the Police Operations Center. Monitors emergency situations and receives notification of emergencies through the PCC and will contact the appropriate response personnel. UT Police will secure the area, control the scene, confirm emergency situations and provide communications as needed.

Facilities, Planning and Engineering – Assists in monitoring and confirming emergency situations. Once notified of an emergency, they will report to the scene and assist with evacuations, mechanical shutdowns, damage assessment, inform, update and make recommendations to the vice president of FPE and Environmental Health and Safety.

Center for Laboratory Animal Medicine and Care – CLAMC is responsible for the health and well-being of laboratory animals used for the institution’s biomedical research programs. The director of CLAMC will enact the Association for Assessment and Accreditation of Laboratory Animal Care emergency response plan when the institution’s animal resources are at risk.

Office of Public Affairs – Upon notification, the Public Affairs communications team will update information sources and initiate emergency communications as necessary. They will update and inform the executive team as necessary.

Information Technology – Upon notification, they will protect and back-up information resources as necessary as prescribed in the IT disaster plan.

Auxiliary Enterprises – Upon notification of an emergency at one of the buildings under AE management, they will report to the scene of the emergency and assist with evacuations, mechanical shutdowns, assess damage and inform, update and make recommendations to the vice president of Auxiliary Enterprises and Environmental Health and Safety.

Emergency Levels

The emergency management plan describes types of emergencies that could foreseeably impact UTHealth Houston.

Emergency response is based on a severity levels scales of 1-3, with Level 1 emergencies affecting a small localized area or a single department and Level 3 emergencies affecting an entire complex or two or more structures.

A level 1 emergency will be made on the authority of any of the following parties: the executive team, Facilities, Planning and Engineering, Auxiliary Enterprises, UT Police or Environmental Health and Safety. The assignment of response Levels 2 and 3 emergencies will be made on the authority of the executive team.
Building Evacuation

Any decision to evacuate a UTHealth Houston building will be made by the executive team. If the emergency is immediately life threatening or threatens to damage a significant portion of UTHealth property, a member of the emergency control team or their designee may make the decision to evacuate. In certain emergency situations, evacuation may not be the best action; instead, building occupants may be instructed to shelter in place.

Upon the decision to evacuate a UTHealth Houston facility, occupants may be notified by the building fire alarm system, UTHealth Houston ALERT or the Texas Medical Center to communicate emergency information.

Emergencies in Adjacent Facilities

When UTHealth Houston is notified of an emergency in an adjacent facility or institution that may affect UTHealth Houston personnel and/or buildings, communications will be established with the facility or the Texas Medical Center to determine the exact nature of the emergency and the control measures being taken.

This will be the responsibility of the vice president of Facilities, Planning and Engineering, vice president of Auxiliary Enterprises, Environmental Health and Safety, UT Police or designee. Information regarding the emergency will be provided to the executive team, who will declare the appropriate emergency response level.

Emergency Communications

The Office of Public Affairs is responsible for managing all external and internal communications before, during and immediately after an emergency. Public Affairs will be responsible for communicating the emergency information on the UTHealth Houston emergency information website, the emergency information phone lines 713-500-9996, 713-500-7999, and 866-237-0107, building lobby screens and the university’s social media accounts. Environmental Health and Safety, UT Police or Facilities, Planning and Engineering will be responsible for utilizing the buildings’ fire alarm public announcement system or megaphones as necessary to communicate emergency information.

In the event of an imminent threat, emergency control team approval is not necessary for UT Police, Environmental Health and Safety, or Public Affairs to send a campus wide text message. Public Affairs in cooperation with the emergency control team will determine the appropriate schools, buildings or areas that need to receive the emergency notification. The content of any emergency notification and initiation of notification will be approved by the executive team or an emergency control team member if executive leadership is unavailable. Pre-scribed messages are available for use to distribute in a short amount of time, and may be modified as necessary based on the circumstances of an emergency.

The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Some emergency situations will warrant communication with local, state and/or federal agencies. The decision to contact these agencies will be made by the incident commander of the emergency, and the appropriate department head will be assigned to contact the respective agency. The UT System will be the primary conduit for state-level communications.

UTHealth Houston publishes its emergency management plan at least annually, which includes emergency response and evacuation procedures. The emergency management plan and the emergency response and evacuation procedures are communicated to students and staff through mass emails, the university website, fire drills, safety trainings and new student and employee orientation.

Testing the Emergency Response System

All buildings on campus, with the exception of UT Housing, have at least annual fire drills to test emergency response, evacuation procedures, and capabilities. Fire drills are publicized to building occupants by Environmental Health and Safety, and any identified deficiencies are documented, and corrective actions are implemented. An annual drill for hurricane preparedness and procedures to close the institutional flood gates is conducted prior to the annual hurricane season. The UTHealth wireless mass notification system is tested twice a year by sending a text message to everyone who has self-enrolled into the system. All new students and employees are automatically enrolled in the system through the registration process. In addition, emergency response tabletop drills are conducted at least annually with the executive team and emergency control team.

A virtual National Night Out program for 2021 showcased department services and demonstrated safety resources, including one of two high-water evacuation vehicles. Here – while live-streaming – Sergeant Scott Barnwell helps McGruff the Crime Dog® don a vest used by UT Police water evacuation team members as he prepares to be lifted onto a high-water evacuation vehicle.
2022 Fire Safety Report

Prepared by
UTHealth Houston Office of Safety, Health, Environment and Risk Management

The University of Texas Health Science Center at Houston

The Higher Education Opportunity Act (HEOA) was signed into law in 2008 and contains various vital safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in the Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fire safety systems, policies, practices and statistics for campus housing.

The annual Fire Safety Report and statistical information is developed and maintained by Environmental Health & Safety (EHS) and discloses all information required by HEOA as it relates to UTHealth Houston.

Description of Facilities

In 2022, on-campus student housing facilities at UTHealth Houston consisted of The University of Texas New Student Housing (NSH), located at 1885 El Paseo, Houston, Texas, 77054, The University of Texas Student and Faculty Apartments (SFA), located at 7900 Cambridge, Houston, Texas, 77054, and University Housing 3 (UH3), which also has a physical address of 1885 El Paseo, Houston, Texas 77054. NSH consists of 10 buildings with a total of 307 units. SFA consists of 31 buildings with a total of 500 units. UH3 consists of 4 buildings with a total of 173 units.

Fire Safety Systems

The fire alarm system is monitored on-site by university personnel and is interconnected to the UT Police dispatch center, which communicates fire alarms to the Houston Fire Department (HFD). The UH3 fire safety system consists of a fire alarm detection system interconnected to manual fire alarm pull stations located in exit passageways and a fully protected building-wide automatic fire sprinkler protection system. Residential smoke detectors are provided in each bedroom and living room for all units. Portable fire extinguishers are located in exit passageways. Activation of the fire alarm system will cause audio/visual devices in apartments and exit passageways to give notification to residents. The fire alarm system is monitored on-site by university personnel and is interconnected to the UT Police dispatch center, who communicates fire alarms to the HFD.

The SFA fire safety system consists of a fire alarm detection system interconnected to manual fire alarm pull stations located near the stairwells in between apartments. Residential smoke detectors are provided in each bedroom and living room for all units. The SFA are not equipped with a fire sprinkler system. Activation of the fire alarm system will cause audio devices in the apartments to give notification to residents. Residents are advised to call 911 to report fire incidents and to activate the fire alarm system by pulling the manual fire alarm pull stations in exit passageways to set off the fire alarm, which will notify the building occupants and alert the UT Police dispatch center. The UT Police dispatcher will notify HFD. The NSH fire safety system consists of a fire alarm detection system interconnected to manual fire alarm pull stations located in exit passageways and a fully protected building-wide automatic fire sprinkler protection system. Residential smoke detectors are provided in each bedroom and living room for all units. Portable fire extinguishers are located in exit passageways. Activation of the fire alarm system will cause audio/visual devices in apartments and exit passageways to give notification to residents. The fire alarm system is monitored on-site by university personnel and is interconnected to the UT Police dispatch center, who communicates fire alarms to the HFD.

In Case of a Fire, Report Fire and Evacuate

If a fire occurs in any housing facility, residents are requested to take appropriate actions to protect themselves, to call 911 and report the situation from a safe location, and to ensure all other residents are notified of the fire incident by setting off manual fire alarm pull stations as they leave the apartment complex. When reporting the fire to UT Police, the residents should provide their name, the nature of the incident and their location. The fire alarm is designed to alert the residents and all other occupants. If a fire alarm is audible, it’s required to heed the warning and evacuate the building immediately and move to an area of refuge. Residents should familiarize themselves with all exits available prior to a fire incident.

Once an area of safety is reached, away from the fire and protected from traffic or activities involved in fighting the fire, re-entry to the fire scene is NOT permitted. Instructions provided by the ranking police and/or fire officials shall be followed.

Fire Alarm and Fire Sprinkler Testing

As required by the Texas State Fire Marshal’s Office, the fire alarm and sprinkler testing and inspection are managed in accordance with National Fire Protection Association (NFPA 25 Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems and NFPA 72 National Fire Alarm Code Chapter 10, Inspection, Testing and Maintenance). The UTHealth Houston EHS and Auxiliary Enterprises conduct required fire alarm and/or fire sprinkler testing by a licensed contractor through the State of Texas State Fire Marshal’s Office.

All efforts are made to provide advanced notice to the residents of these required events.

Fire alarm drills are conducted annually each October in UH3, NSH, and SFA.

Fire Safety

Fire safety and emergency procedure education and policies can be found in the institution’s Emergency Management Plan, which is available online at www.uth.edu/safety. UT Housing lease documentation provides policies regarding fire safety specific to UT Housing. This documentation specifies where emergency exits and emergency pull stations are located in each apartment phase, and specifies what fire protection devices exist in each phase is equipped with (smoke detectors, pull stations, fire sprinklers). This documentation also provides guidance regarding the use of barbecue grills. For instance, advice that grills may not be used indoors and all barbecue activities must be a minimum of 10 feet away from apartments and exit passageways. Additionally, information is provided regarding prohibition of the use of open flames, smoking, and use of candles in apartments. The University Housing distributes educational fire safety pamphlets with the leasing documents.
Any and all fires should be immediately reported by calling 911. All fire incidents must be reported to UT Police, EHS, and University Housing personnel. Subsequently, a report is prepared and submitted to the Texas State Fire Marshal District 3 Fire Investigator for all reportable fire events.

University Housing is subject to inspections by the State Fire Marshal’s Office. The District 3 inspector visited UH3 in 2017, and UH3, NSH and FSA in early 2019.

**Annual Fire Statistics and Daily Fire Report Log**

The Annual Fire Statistics are developed from the UTHealth Houston Fire Report Log, which is developed and maintained by Environmental Health & Safety to provide concise and accurate information related to fire incidents which have occurred at UH3, NSH and/or SFA. For the purpose of the fire report log, a fire is “any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.”

Each day, UT Police publish a “Daily Fire Log” that is available to the public. The log identifies the nature of the fire, the general location, date and time the fire occurred, and date and time the fire was reported to UT Police. You may obtain a copy of the Daily Fire Log at UT Police, 7777 Knight Road, Houston, Texas 77054, during normal business hours (8 a.m. to 5 p.m., Monday through Friday) or you may ask the Office of Environmental Health & Safety located at 1851 Crosspoint Avenue, OCB 1.330, Houston, Texas 77054.

For more information on the Fire Report Log and other safety related topics, visit the UTHealth Houston Environmental Health & Safety website or contact EHS at 713-500-8100.

**Plans for Future Improvements in UT Housing Fire Safety**

- Continue to provide fire safety educational opportunities to UT Housing occupants to increase fire safety awareness.
- Explore further methods of protecting SFA from fire hazards.

**2022 Annual Security and Fire Safety Reports**

**SFA Annual Summary**

For the calendar years 2019, 2020, and 2021 (January-December) there were no recordable fire incidents at The University of Texas Student and Faculty Apartments (SFA) at 7900 Cambridge, Houston, Texas 77054.

### Notes
- **Fire**: Any instance of open flame or burning in a place not intended to contain the burning or in an uncontrolled manner.
- **Deaths**: The number of deaths related to the fire.
- **Injuries**: The number of injuries related to the fire that resulted in treatment at a medical facility.
- **Damage**: The value of property damage related to the fire.

## UH3 Annual Summary
For the calendar years 2019 and 2021 (January-December), there were no recordable fire incidents at The University of Texas University Housing 3 Apartments (UH3) located at 1885 El Paseo, Houston, Texas 77054. There was one recordable event at this location during 2020 related to a fire caused by a BBQ.

Although strictly against UT Housing policy and the tenant lease agreement, students operated a BBQ on the balcony of their apartment on 6/14/2020. A small fire was caused when the students dumped hot charcoal ashes into a foam box on the balcony patio and left this unattended. HFD responded and extinguished the fire. No injuries occurred and only minor property damage resulted from the incident.

### Notes
- **Fire**: Any instance of open flame or burning in a place not intended to contain the burning or in an uncontrolled manner.
- **Deaths**: The number of deaths related to the fire.
- **Injuries**: The number of injuries related to the fire that resulted in treatment at a medical facility.
- **Damage**: The value of property damage related to the fire.
Appendix A: Definitions

Crime Definitions

Aggravated Assault – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It’s not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could and probably would result in serious personal injury if the crime were successfully committed.)

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle, aircraft or personal property of another, etc.

Burglary – The unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft – The theft or attempted theft of a motor vehicle. (Classified as motor vehicle theft are all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned, including joyriding.)

Manslaughter/Non-negligent Manslaughter – The willful (non-negligent) killing of one human being by another.

Manslaughter by Negligence – The killing of another person through gross negligence.

Robbery – The taking or attempting to take anything of value from the care, custody, control or person of persons by force or threat of force or violence and/or by putting the victim in fear.

Sexual Assault (Sex Offenses) – An offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI’s Uniform Crime Reporting Program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Consent as defined by [HOOP Policy 59, Prohibition of Sexual Harassment & Sexual Misconduct], is a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity. Consent to one act doesn’t apply consent to another. Consent to engage in sexual activity with one person doesn’t imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of consent. Consent is not effective if it results from: the use of physical force, a threat of physical force, intimidation, coercion, incapacitation, or any other factor that would eliminate an individual’s ability to exercise his or her own free will to choose whether to have sexual activity. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity. The definition of consent for the crime of sexual assault in Texas can be found in Section 22.011(b) of the Texas Penal Code.

a. Consent – As defined by UHealth Houston and utilized for sexual harassment and sexual misconduct investigations, is defined as a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity. Consent to one act doesn’t apply consent to another. Consent to engage in sexual activity with one person doesn’t imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of consent. Consent is not effective if it results from: the use of physical force, a threat of physical force, intimidation, coercion, incapacitation, or any other factor that would eliminate an individual’s ability to exercise his or her own free will to choose whether to have sexual activity.

b. Rape – The causing of penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person without the consent of the victim.

c. Fondling – The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

d. Incest – Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

e. Statutory Rape – Sexual intercourse with a person who is under the statutory age of consent in Texas, the legal age of consent is 17.

Hate Crimes

A hate crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. Under the Clery Act, only the following eight categories of covered classes are reported: race, religion, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin.

Categories of bias included in the annual statistical disclosure include:

Disability – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Ethnicity – A preformed negative opinion or attitude toward a group of persons whose members identify with each other within the degrees wherein marriage is prohibited by law.

Gender Identity – A preformed negative opinion or attitude toward a group or category of persons based on their actual or perceived gender identity (bias against transgender or gender non-conforming individuals).

National Origin – A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.

Race – A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind (e.g., Asians, African Americans, whites).

Religion – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

Sexual Orientation – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation Sexual Orientation is the term for a person’s physical, romantic and/or emotional attraction to members of the same and/or opposite sex (e.g., lesbian, gay, bisexual, heterosexual individuals).

For purposes of the annual statistical disclosure, hate crimes include any Clery reportable offense listed in the above crime definitions and the following additional offenses:

DeSTRUCTION/Damage/Vandalism of Property (except “Arson”) – To willfully or maliciously destroy, damage, deface, or otherwise cause real or personal property without the consent of the owner or the person having custody or control of it.

Intimidation – To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Larceny-Theft – The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person doesn’t have physical custody or possession, but is in a position to exercise dominion or control over a thing.

a. Pocket-Picking – The theft of articles from another person’s physical possession by stealth where
the victim usually doesn’t become immediately aware of the theft.

b. Purse-Snatching – The grabbing or snatching of a purse, handbag, etc., from the physical possession of another person.

c. Shoplifting – The theft, by someone other than an employee of the victim, of goods or merchandise exposed for sale.

d. Theft from Building – A theft from within a building that is either open to the general public or where the offender has legal access.

e. Theft from Coin-Operated Machine or Device – A theft from a machine or device which is operated or activated by the use of coins.

f. Theft from Motor Vehicle (Except “Theft of Motor Vehicle Parts or Accessories”) – The theft of articles from a motor vehicle, whether locked or unlocked.

g. Theft of Motor Vehicle Parts or Accessories – The theft of any part or accessory affixed to the interior or exterior of a motor vehicle in a manner which would make the item an attachment of the vehicle, or necessary for its operation.

h. All Other Larceny or attempted larcenies – All thefts which don’t fit any of the definitions of the specific subcategories of larceny/theft listed above.

Simple Assault – An unlawful physical attack by one person upon another where neither the offender displays a weapon nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Arrests and Referrals

Arrests and discipline referral statistics include the number of persons arrested and/or referred for disciplinary action for the following violations:

Drug Abuse Violations – The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Liquor Law Violations – The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Weapons: Carrying, Possessing, Etc., – The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons.

Geographic Locations

Public Property – All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Non-Campus Building or Property – Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by the institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On Campus Property – Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous the aforementioned area that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On Campus Student Housing Facilities – Any student housing facility that is owned, controlled or rented by the institution, and is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

Violence Against Women (VAWA) Offenses

Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purpose of this definition:

a. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
b. Dating violence doesn’t include acts covered under the definition of domestic violence.

domestic violence.

Domestic Violence – A felony or misdemeanor crime of violence committed by (i) a current or former spouse or intimate partner of the victim; (ii) a person with whom the victim shares a child in common; (iii) a person who is or has cohabitated with the victim as a spouse or intimate partner; (iv) a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or (v) any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the state of Texas.

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.

For the purpose of this definition:

a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a specific person or interferes with that person’s property.
b. Reasonable Person means a reasonable person under similar circumstances and with similar identities to the victim.
c. Substantial Emotional Distress means significant mental suffering or anguish that may, but doesn’t necessarily, require medical or other professional treatment or counseling.
Family Violence – TX Family Code, Sec. 71.004. FAMILY VIOLENCE. “Family violence” means:

(1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but doesn’t include defensive measures to protect oneself;

(2) abuse, as that term is defined by Sections 261.001(1)(C), (E), (G), (H), (I), (J), and (K), by a member of a family or household toward a child of the family or household; or

(3) dating violence, as that term is defined by Section 71.0021.

Abuse – TX Family Code, Sec. 261.001.

(1) “Abuse” includes the following acts or omissions by a person:

(A) mental or emotional injury to a child that results in an observable and material impairment in the child’s growth, development, or psychological functioning;

(B) causing or permitting the child to be in a situation in which the child sustains a mental or emotional injury that results in an observable and material impairment in the child’s growth, development, or psychological functioning;

(C) physical injury that results in substantial harm to the child, or the genuine threat of substantial harm from physical injury to the child, including an injury that is at variance with the history or explanation given and excluding an accident or reasonable discipline by a parent, guardian, or managing or possessory conservator that does not expose the child to a substantial risk of harm;

(D) failure to make a reasonable effort to prevent an action by another person that results in physical injury that results in substantial harm to the child;

(E) sexual conduct harmful to a child’s mental, emotional, or physical welfare, including conduct that constitutes the offense of continuous sexual abuse of young child or children under Section 21.02, Penal Code, indecency with a child under Section 21.13, Penal Code, sexual assault under Section 22.011, Penal Code, or aggravated sexual assault under Section 22.021, Penal Code;

(F) failure to make a reasonable effort to prevent sexual conduct harmful to a child;

(G) compelling or encouraging the child to engage in sexual conduct as defined by Section 43.01, Penal Code, including compelling or encouraging the child in a manner that constitutes an offense of trafficking of persons under Section 20A.02(a)(7) or (8), Penal Code, prostitution under Section 43.02(b), Penal Code, or compelling prostitution under Section 43.05(a)(2), Penal Code;

(H) causing, permitting, encouraging, engaging in, or allowing the photographing, filming, or depictions of the child if the person knew or should have known that the resulting photograph, film, or depiction of the child is obscene as defined by Section 43.21, Penal Code, or pornographic;

(I) the current use by a person of a controlled substance as defined by Chapter 481, Health and Safety Code, in a manner or to the extent that the use results in physical, mental, or emotional injury to a child;

(J) causing, expressly permitting, or encouraging a child to use a controlled substance as defined by Chapter 481, Health and Safety Code;

(K) causing, permitting, encouraging, engaging in, or allowing a sexual performance by a child as defined by Section 43.25, Penal Code;

(L) knowingly causing, permitting, encouraging, engaging in, or allowing a child to be trafficked in a manner punishable as an offense under Section 20A.02(a)(5), (6), (7), or (8), Penal Code, or the failure to make a reasonable effort to prevent a child from being trafficked in a manner punishable as an offense under any of those sections; or

(M) forcing or coercing a child to enter into a marriage.

Family Violence – TX Family Code, Sec. 71.003. FAMILY. “Family” includes individuals related by consanguinity or affinity, as determined under Sections 573.022 and 573.024, Government Code, individuals who are former spouses of each other, individuals who are the parents of the same child, without regard to marriage, and a foster child and foster parent, without regard to whether those individuals reside together.

Household – TX Family Code, Sec. 71.005. Household. “Household” means a unit composed of persons living together in the same dwelling, without regard to whether they are related to each other.

Member of a Household – TX Family Code, Sec. 71.006. Member of a Household. “Member of a household” includes a person who previously lived in a household.

Dating Violence – TX Family Code, Sec. 71.0021. DATING VIOLENCE. (a) “Dating violence” means an act, other than a defensive measure to protect oneself, by an actor that:

(1) is committed against a victim or applicant for a protective order

(A) with whom the actor has or has had a dating relationship; or

(B) because of the victim’s or applicant’s marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and

(2) is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim or applicant in fear of imminent physical harm, bodily injury, assault, or sexual assault.

(b) For purposes of this title, “dating relationship” means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of:

(1) the length of the relationship;

(2) the nature of the relationship; and

(3) the frequency and type of interaction between the persons involved in the relationship.

(c) A casual acquaintance or ordinary fraternization in a business or social context does not constitute a “dating relationship” under Subsection (b).

Stalking – TX Penal Code Sec. 42.072. STALKING.

(a) A person commits an offense if the person, on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that:

(1) constitutes an offense under Section 42.07, or that the actor knows or reasonably should know the other person will regard as threatening:

(A) bodily injury or death for the other person;

(B) bodily injury or death for a member of the other person’s family or household;

(C) that an offense will be committed against the other person’s property;

(D) feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended.

(b) An offense under this section is a felony of the third degree, except that the offense is a felony of the second degree if the actor has previously been convicted of an offense under this section or of an offense under any of the following laws that contains elements that are substantially similar to the elements of an offense under this section:

(1) the laws of another state;

(2) the laws of a federally recognized Indian tribe;

(3) the laws of a territory of the United States; or

(4) federal law.

(c) For purposes of this section, a trier of fact may find that different types of conduct described by Subsection (a), if engaged in on more than one occasion, constitute conduct that is engaged in pursuant to the same scheme or course of conduct.

(D) In this section:

(1) “Dating relationship,” “family,” “household,” and “member of a household” have the meanings assigned by Chapter 71, Family Code.

(2) “Property” includes a pet, companion animal, or assistance animal, as defined by Section

Jurisdictional Definitions of VAWA Offenses (State Law Definitions)
Sexual Assault – TX Penal Code

(a) A person commits an offense if the person:

(1) intentionally or knowingly:

(A) causes the penetration of the anus or sexual organ of another person by any means, without that person’s consent;

(B) causes the penetration of the mouth of another person by the sexual organ of the actor, without that person’s consent; or

(C) causes the sexual organ of another person, without that person’s consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; or

(2) intentionally or knowingly:

(A) causes the penetration of the anus or sexual organ of a child by any means;

(B) causes the penetration of the mouth of a child by the sexual organ of the actor;

(C) causes the sexual organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor; or

(D) causes the anus of a child to contact the anus, or sexual organ of another person, including the actor;

(3) causes the sexual or organ of a child to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor;

(D) causes the anus of a child to contact the anus, or sexual organ of another person, including the actor;

(E) causes the mouth of a child to contact the anus or sexual organ of another person, including the actor.

Consent – TX Penal Code Sec. 22.11

(b) A sexual assault under Subsection

(a)(1) is without the consent of the other person if:

(1) the actor compels the other person to submit or participate by the use of physical force or violence;

(2) the actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has the present ability to execute the threat;

(3) the other person has not consented and the actor knows the other person is unconscious or physically unable to resist;

(4) the actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable of appraising the nature of the act or of resisting it;

(5) the other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring;

(6) the actor has intentionally impaired the other person’s power to appraise or control the other person’s conduct by administering any substance without the other person’s knowledge;

(7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat;

(8) the actor is a public servant who coerces the other person to submit or participate;

(9) the actor is a mental health services provider or a health care services provider who causes the other person, who is a patient or former patient of the actor, to submit or participate by exploiting the other person’s emotional dependency on the actor;

(10) the actor is a clergyman who causes the other person to submit or participate by exploiting the other person’s emotional dependency on the clergyman’s professional character as spiritual adviser; or

(11) the actor is an employee of a facility where the other person is a resident, unless the employee and resident are formally or informally married to each other under Chapter 2, Family Code.

(2) the actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable of appraising the nature of the act or of resisting it;

(5) the other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring;

(6) the actor has intentionally impaired the other person’s power to appraise or control the other person’s conduct by administering any substance without the other person’s knowledge;

(7) the actor compels the other person to submit or participate by threatening to use force or violence against any person, and the other person believes that the actor has the ability to execute the threat;

(8) the actor is a public servant who coerces the other person to submit or participate;

(9) the actor is a mental health services provider or a health care services provider who causes the other person, who is a patient or former patient of the actor, to submit or participate by exploiting the other person’s emotional dependency on the actor;

(10) the actor is a clergyman who causes the other person to submit or participate by exploiting the other person’s emotional dependency on the clergyman’s professional character as spiritual adviser; or

(11) the actor is an employee of a facility where the other person is a resident, unless the employee and resident are formally or informally married to each other under Chapter 2, Family Code.

(c) In this section:

(1) “Child” means a person younger than 17 years of age.

(2) “Spouse” means a person who is legally married to another.

(3) “Health care services provider” means:

(A) a physician licensed under Subtitle B, Title 3, Occupations Code;

(B) a chiropractor licensed under Chapter 201, Occupations Code;

(C) a physical therapist licensed under Chapter 453, Occupations Code;

(D) a physician assistant licensed under Chapter 204, Occupations Code;

(E) a registered nurse, a vocational nurse, or an advanced practice nurse licensed under Chapter 301, Occupations Code.

(4) “Mental health services provider” means an individual, licensed or unlicensed, who performs or purports to perform mental health services, including a:

(A) licensed social worker as defined by Section 505.002, Occupations Code;

(B) chemical dependency counselor as defined by Section 504.001, Occupations Code;

(C) licensed professional counselor as defined by Section 503.002, Occupations Code;

(D) licensed marriage and family therapist as defined by Section 502.002, Occupations Code;

(E) member of the clergy;

(F) psychologist offering psychological services as defined by Section 501.003, Occupations Code; or

(G) special officer for mental health assignment certified under Section 1701.404, Occupations Code.

(5) “Employee of a facility” means a person who is an employee of a facility defined by Section 250.001, Health and Safety Code, or any other person who provides services for a facility for compensation, including a contract laborer.

(6) Assisted reproduction” and “donor” have the meanings assigned by Section 160.102, Family Code.

(7) “Human reproductive material” means:

(A) a human spermatozoon or ovum; or

(B) a human organism at any stage of development from fertilized ovum to embryo.

Indecent Assault (Fondling) – TX Penal Code, Sec. 22.012.

(a) A person commits an offense if, without the other person’s consent and with the intent to arouse or gratify the sexual desire of any person, the person:

(1) touches the anus, breast, or any part of the genitals of another person;

(2) touches another person with the anus, breast, or any part of the genitals of any person;

(3) exposes or attempts to expose another person’s genitals, pubic area, anus, buttocks, or female areola; or

(4) causes another person to contact the blood, seminal fluid, vaginal fluid, saliva, urine, or feces of any person.
